Heartland Merchants	Hawker, Wet Markets, Coffeeshops

What do I do if my cashback was not credited on the same day of my spend?

Step 1: Verify if the spend was made at a participating shop.

For heartland shops, wet market and coffee shops, look out for the POSB wobbler:

For hawkers, look out for the SGQR code with PayLah! logo OR PayLah! sticker:

Otherwise, please check to see if the shop is part of the list of participating shops and locations listed on the campaign webpage.

Step 2: If the spend was made at a participating shop, click on the History tab and click on the transaction for transaction details. Double confirm if the Payment Type is either a NETS QR or PayNow UEN QR transaction.

Note: Not applicable for personal PayNow/PayLah! QR transactions.

Step 3: Check the top of your PayLah! homepage to check if the redemptions are fully redeemed – you'll see the red banner reflecting 'FULLY REDEEMED' if it is.

Step 4: Verify if you've already received a cashback awardance on the same day.

Step 5: Check if the cashback was credited by the end of the same day of spend.

After verifying all 5 pointers above and confirmed that it's not due to any one of the 5 reasons, please proceed to [reach out to us via messaging or phone](#) for faster assistance.
