NIKKO AM SINGAPORE STI ETF

This Prospectus describes and offers for sale in Singapore units in the Nikko AM Singapore STI ETF (the "**Fund**"), a unit trust established under Singapore law by a trust deed dated 30 October 2008 between DBS Asset Management Ltd (now known as Nikko Asset Management Asia Limited) (the "**Manager**") and HSBC Institutional Trust Services (Singapore) Limited (the "**Trustee**") (as amended from time to time) (the "**Trust Deed**"). You should be aware of certain risks relating to an investment in the Fund. See the section entitled "Risks" as described in paragraphs 17 and 18 of this Prospectus.

The Fund's investment objective is to replicate as closely as possible, before expenses, the performance of the Straits Times Index (STI) or, upon the Manager giving three (3) months' prior written notice to the Trustee and the Holders, such other index which tracks the performance of Singapore listed equity securities. There can be no assurance that the Fund will achieve its investment objective. The Manager will seek to achieve this objective by investing all, or substantially all, of the Fund's assets in Index Shares in substantially the same weightings as reflected in the Index.

The units of the Fund, called "**Units**" throughout this Prospectus, have been listed on the Singapore Exchange Securities Trading Limited ("**SGX-ST**"). Units are traded on SGX-ST at market prices throughout the trading day. Market prices for Units may, however, be different from their net asset value ("**NAV**"). Listing for quotation of the Units on the SGX-ST does not guarantee a liquid market for the Units.

The collective investment scheme offered in this Prospectus is an authorised scheme under the Securities and Futures Act (Chapter 289 of Singapore) (the "**Securities and Futures Act**"). A copy of this Prospectus has been lodged with and registered by the Monetary Authority of Singapore (the "**Authority**"). The Authority assumes no responsibility for the contents of this Prospectus. Registration of this Prospectus by the Authority does not imply that the Securities and Futures Act, or any other legal or regulatory requirements have been complied with. The Authority has not, in any way, considered the investment merits of the collective investment scheme.

This Prospectus does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation and may only be used in connection with the offering of Units as contemplated herein.

The directors of the Manager (the "**Directors**") collectively and individually accept full responsibility for the accuracy of the information given in this Prospectus and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Prospectus constitutes full and true disclosure of all material facts about the Fund and the Manager, and the Directors are not aware of any facts the omission of which would make any statement in this Prospectus misleading. Where information in this Prospectus has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in this Prospectus in its proper form and context.

You should seek professional advice to ascertain (a) the possible tax consequences, especially in connection with the receipt of any distributions intended to be made by the Fund, (b) the legal requirements which may be relevant to the subscription, holding or disposal of Units and (c) any foreign exchange restrictions or exchange control requirements which you may encounter under the

laws of the country of your citizenship, residence, domicile and which may be relevant to the subscription, holding or disposal of Units.

Unless otherwise stated, all terms not defined herein have the same meanings as used in the Trust Deed.

You should direct all enquiries about the Fund to the Manager.

Personal Data Protection

You consent and acknowledge that any personal data provided to the Manager, the Trustee, the Custodian, the Registrar and/or such other appointed representatives, agents and/or service providers of the Manager and/or each of their affiliates and related corporations (as defined under Section 6 of the Companies Act, Chapter 50 of Singapore) ("**Recipients**", each a "**Recipient**") whether directly or through appointed agents or Participating Dealers or otherwise collected by a Recipient or on behalf of a Recipient (by any person including but not limited to the Central Depository (Pte.) Limited) in connection with the subscription for Units, including any personal data relating to third party individuals (e.g. beneficial owners, directors or authorised signatories of investors who are not individuals) ("**Data**") may be collected, used and disclosed by a Recipient for the following purposes: (i) updating and maintaining the register of unitholders of the Fund; (ii) processing instructions or trades of investors or persons acting on behalf of investors; (iii) complying with any applicable rules, laws or regulations, regulatory policies, guidelines or industry codes, orders, directions or requests issued by any court, legal or regulatory bodies (whether in Singapore or otherwise) including rules and regulations relating to anti-money laundering and countering the financing of terrorism and the carrying out of audit checks, surveillance and investigation; (iv) preventing, detecting and investigating crime, offence or unlawful activity including but not limited to fraud, money-laundering, terrorist financing and bribery, and analysing and managing commercial risks; (v) complying with any applicable treaty or agreement with or between Singapore and a foreign jurisdiction; (vi) fulfilling a judgment or order of court or of any other tribunal within Singapore and in an applicable foreign jurisdiction; (vii) providing client-related services, including providing customer support, responding to queries or feedback given by investors or persons acting on behalf of investors, and generating, communicating with and disseminating notices, reports, correspondence, statements, invoices, confirmations and advices to investors or persons acting on behalf of investors; (viii) verifying the identity of investors or persons acting on behalf of investors; (ix) reviewing and approving investors' account(s), and the conduct of initial and anticipatory credit checks and assessments, relevant checks, ongoing assessment and verification of ongoing credit worthiness and standing; (x) legal claims, actions or proceedings including but not limited to drafting and reviewing documents, obtaining legal advice and facilitating dispute resolution or exercising or enforcing the rights of a Recipient under contract or pursuant to applicable laws and regulations; (xi) administering, operating, processing or managing the Units or the Fund; (xii) meeting or complying with the Recipient's internal policies and procedures; (xiii) handling feedback, queries or complaints; (xiv) maintaining the security of the Recipient's premises including but not limited to the use of forms of surveillance such as security cameras; (xv) facilitating any proposed or actual business assignment, transfer, participation or sub-participation in any of the Recipient's rights or obligations in respect of your relationship with the Recipient; (xvi) all purposes reasonably related to one or more of the foregoing; and (xvii) conducting general administration in relation to the foregoing. Where you provide personal data relating to third party individuals to a Recipient, you warrant that the prior consent of such third party individual, which will allow a Recipient to collect, use and disclose that personal data in the manner and for the purposes described above, has been obtained, and consent and acknowledge to all such collection, use and disclosure on behalf of that third party individual.

You consent and acknowledge that Data may be disclosed and transferred to the following parties, in Singapore or in a foreign jurisdiction, for the purposes set out above: (i) any person or entity including government authorities, regulatory bodies, courts and tribunals to whom a Recipient is under an obligation to make disclosure pursuant to any domestic or foreign legal process, legal obligation or

regulatory obligation; (ii) related corporations of the Manager, the Trustee, the Custodian or the Registrar; and (iii) any agent, contractor or third party service provider who provides administrative, mailing, data processing, business process, human resource, information technology or other services to a Recipient in connection with the operation of the business of a Recipient or the administration and operation of the Fund.

You may, after consenting to the collection, use and disclosure of their Data, withdraw your consent by giving notice in writing to the Manager, whether directly or through its appointed agents or the Participating Dealers. You should note that the Manager (in consultation with the Trustee) could deem a notice of withdrawal of consent submitted by a unitholder to be a request for redemption of all Units by such unitholder for cash.

You undertake to ensure that all information provided to the Recipient is true, accurate and complete and that changes to any such information shall be notified to the Recipient in a timely manner.

Foreign Account Tax Compliance

You acknowledge that you shall notify the Manager immediately in writing if you are a US Person or if you have subscribed for or hold any Units on behalf of any US Person. You shall further notify the Manager not later than thirty (30) days of any change under FATCA or any laws or regulations that affects your tax status or the tax status of any US Person on whose behalf you have subscribed for or hold any Units.

You represent and warrant that you have provided or shall provide to the Manager all documentation or other information required for compliance with FATCA and in connection with any change in tax status and shall otherwise provide all required documentation (including the completion of any FATCA related forms and documents) and other information not later than seven (7) days of any request in writing by the Manager.

You acknowledge that if you fail to provide accurate and timely information the Manager (in consultation with the Trustee) has the right to deem you recalcitrant and/or reportable and shall be entitled to take all necessary action(s) against you to be compliant with requirements under FATCA, including but not limited to any local legislation enacted in connection with FATCA as the same may be modified, amended, supplemented, re-enacted or re-constituted from time to time.

You consent to the collection, storage, and disclosure of any confidential information including personal data to persons to whom payments are made or from whom payments are received for your account and to governmental authorities as required by laws and regulations or other agreement by or between governments pursuant to FATCA. You represent that you have secured from any third party whose information may be provided to the Manager all necessary consents and/or waivers to permit the Manager to carry out the actions required pursuant to FATCA, and that you shall secure such consents and waivers prior to furnishing such information to the Manager.

You acknowledge that the Manager (in consultation with the Trustee) is entitled to take all necessary action determined by the Manager to be and remain compliant with FATCA as is required by law or other agreement by or between governments. You authorise the Manager to withhold or otherwise deduct from any payment any required tax or other government assessment, including but not limited to any requirement to withhold or deduct an amount pursuant to FATCA.

The Manager (in consultation with the Trustee) shall have the right to determine and carry out any action which it considers to be appropriate to meet any obligations or requirements, whether in Singapore or elsewhere, for the purpose of the prevention of tax evasion. Such actions may include, but shall not be limited to, investigating and intercepting payments into and out of investors' account(s) (particularly in the case of international transfer of funds), investigating the source of or intended recipient of funds, sharing information and documents with any tax or regulatory authorities and withholding income from investors' accounts and transferring it to such tax authorities. If there is

any doubt as to whether a payment in or out of your account is lawful, the Manager reserves the right to cease all dealings with you in relation to such account.

For the purposes of this section relating to foreign account tax compliance, the following words and expressions shall have the following meanings:

"FATCA" means sections 1471 through 1474 of the United States Internal Revenue Code and any regulations and other guidance issued in connection thereto or any other agreement entered into with or between authorities and governments arising out of or in connection with FATCA or the implementation thereof, as each may be modified, amended, supplemented, re-enacted or re-constituted from time to time.

"US Person" means a United States citizen or resident individual, a partnership or corporation organised in the United States or under the laws of the United States or any state of the United States, or a trust if (i) a court within the United States would have authority under applicable law to render orders or judgments concerning substantially all issues regarding administration of the trust, and (ii) one or more US Persons have the authority to control all substantial decisions of the trust, or an estate of a decedent that is a citizen or resident of the United States. This definition shall be interpreted in accordance with the United States Internal Revenue Code. Please note that persons who have lost their United States citizenship and who live outside the United States may nonetheless in some circumstances be treated as US Persons.

OVERVIEW OF THE NIKKO AM SINGAPORE STI ETF

The meanings of terms not defined in this section can be found in other sections of this Prospectus or in the Trust Deed.

NIKKO AM SINGAPORE STI ETF

The Fund is a collective investment scheme authorised under Section 286 of the Securities and Futures Act (Chapter 289 of Singapore) and is established under the terms of a trust deed dated 30 October 2008 (as amended from time to time) made between DBS Asset Management Ltd (now known as Nikko Asset Management Asia Limited) as Manager and HSBC Institutional Trust Services (Singapore) Limited as Trustee.

INVESTMENT OBJECTIVE, FOCUS AND APPROACH

The Fund's investment objective is to replicate as closely as possible, before expenses, the performance of the Straits Times Index (STI) or upon the Manager giving three (3) months' prior written notice to the Trustee and the Holders, such other index which tracks the performance of Singapore listed equity securities. The current benchmark for the Fund is the Straits Times Index (STI), in total returns. There can be no assurance that the Fund will achieve its investment objective.

The Fund will seek to achieve its investment objective by investing all, or substantially all, of its assets in Index Shares in substantially the same weightings as reflected in the Index (i.e. using a full replication strategy). Various circumstances may make it impossible or impracticable to purchase each component Index Share in the same weightings as reflected in the Index. In those circumstances, the Manager may employ a combination of one or more investment techniques in seeking to closely track the Index. In addition, given that Index Shares may be and are added to or removed from the Index from time to time, the Manager may sell or purchase securities that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

The Fund is designed for investors who seek an "index-based" approach to investing in a portfolio of Singapore listed securities in a cost effective and easy to access manner. Units may also be used as an asset allocation tool or as a trading instrument.

LISTING ON THE SGX-ST

The Fund made an application to the SGX-ST on 25 September 2008 for permission to deal in and for quotation of all its Units which may be issued from time to time, and the Fund received approval for its admission to the Official List of the SGX-ST on 20 October 2008. A listing on the SGX-ST is intended to provide benefits to investors not available in unlisted collective investment schemes. Unlike conventional unit trusts offered to the public in Singapore which are typically bought and sold only at closing NAV (which is unknown at the time of dealing), the Fund's Units will be tradeable on the SGX-ST throughout the trading day. Units will be quoted and traded on the SGX-ST in board lots of 100 Units.

Units will be transacted on the SGX-ST on a willing-buyer-willing-seller basis, and the trading in the Units will be in accordance with SGX-ST's rules and guidelines governing the clearing and settlement of trades in securities.

If you acquire Units directly from a Participating Dealer, you may request the Participating Dealer to apply to the CDP for your Units to be entered against your name in the depository register in accordance with the CDP's terms and conditions for the entering of off-market acquisitions of securities in its records.

TRADING PRICE OF UNITS INTENDED TO CLOSELY REFLECT NAV PER UNIT

You should note that the Fund is not like a conventional unit trust offered to the public in Singapore in that the creation and redemption of Units with the Manager are effected by or through Participating Dealers for account of investors and/or for their own account and may either be made (i) in-kind in multiples of Creation Units or Redemption Units, or (ii) in cash for 100,000 Units or multiples thereof (or such other investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee) at each Dealing Day's NAV. If you wish to purchase or sell less than 100,000 Units, you will have to acquire or dispose of your Units through trading on the SGX-ST. These features are different from the features of conventional unit trusts where units can be purchased and redeemed by the investors for cash from the Manager on each Dealing Day in comparatively smaller multiples of units.

The arrangements for creation and redemption of Units in multiples of Creation Units or Redemption Units as applicable, or blocks of 100,000 Units by or through Participating Dealers are designed to protect investors from the adverse effects which arise from frequent cash subscription and redemption transactions that affect the NAV of conventional unit trusts. It is also designed to help to keep the trading price of the Units close to the NAV of the Units.

THE MANAGER

The Manager, Nikko Asset Management Asia Limited, is part of Nikko Asset Management group¹, a leading independent Asian investment management franchise. The Manager has managed collective investment schemes or discretionary funds in Singapore since 1982.

THE TRUSTEE

The Trustee, HSBC Institutional Trust Services (Singapore) Limited, is a wholly-owned subsidiary of The Hongkong and Shanghai Banking Corporation Limited. The Trustee is a licensed trust company under the Trust Companies Act (Chapter 336 of Singapore).

CREATION AND REDEMPTION PROCEDURES

Units bought or sold on the SGX-ST will be transacted on a willing-buyer-willing-seller basis. It is expected that most of the trading activity in the Units is expected to occur on the SGX-ST. You may buy or sell Units on the SGX-ST through brokers in the same way as how you may buy or sell shares in companies listed on the SGX-ST. You may pay for Units that are bought on the SGX-ST with cash or your CPF monies.

¹ Nikko Asset Management group consists of Nikko Asset Management Co., Ltd. and its subsidiaries.

Cash Subscription and Redemption

On every Cash Dealing Day, you may apply to the Registrar through the Participating Dealers for the issue of 100,000 Units (with any additional investments being in multiples thereof) or such other investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee, by paying cash. The Issue Price for cash subscriptions shall be determined in the manner described in paragraph 20.1 of this Prospectus.

Requests for subscription of Units in 100,000 Units or multiples thereof (or such other investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee) using cash must reach the Registrar through Participating Dealers on or before the Dealing Deadline for the Cash Dealing Day (12 noon (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require). If the request for subscription of Units using cash is received by the Registrar after the Dealing Deadline, it shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day.

Requests for redemption of Units to be settled in cash shall be for a minimum of 100,000 Units (or such other number of Units as may be determined from time to time by the Manager upon giving prior notice to the Trustee) or multiples thereof. The Redemption Price for Units to be settled in cash shall be determined in the manner described in paragraph 27.1 of this Prospectus. Requests for redemption of Units to be settled in cash must reach the Registrar through Participating Dealers on or before the Dealing Deadline for the Cash Dealing Day. If the request for redemption of Units to be settled in cash is received by the Registrar after the Dealing Deadline, it shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day.

In-Kind Creation and Redemption

You may apply for creation of Units directly from the Fund by requesting Participating Dealers to apply to the Registrar on your behalf for the issue of Units on any Dealing Day by tendering Index Shares and non-Index Shares comprising a Deposit Basket (or multiples thereof) as approved by the Manager, plus or minus a cash payment as determined by the Manager. Units may only be created in-kind in Creation Unit size of 500,000 Units or multiples of 500,000 Units. Requests for creation of Units in-kind may be made by or through Participating Dealers only. Creation Requests received from Participating Dealers and accepted by the Manager on or before the Dealing Deadline on each Dealing Day (5.30pm (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require) will be processed at that Dealing Day's Issue Price as calculated in accordance with paragraph 21.1 of this Prospectus. Creation Requests received from Participating Dealers after the Dealing Deadline or on a day which is not a Dealing Day shall be deemed to be received by the Manager on or before the Dealing Deadline for the next Dealing Day.

If you hold Redemption Unit size of 500,000 Units or multiples of 500,000 Units, you may request Participating Dealers to apply to the Registrar on your behalf for the redemption of Units for the underlying Index Shares and non-Index Shares comprising a Redemption Basket (or multiples thereof) as approved by the Manager, plus or minus a cash payment as determined by the Manager. Units may only be redeemed in-kind in Redemption Unit size of 500,000 Units or multiples of 500,000 Units. Requests for redemption of Units in-kind may be made by or through Participating Dealers only. Redemption Requests received from Participating Dealers and accepted by the Manager on or before the Dealing Deadline on each Dealing Day will be processed at that Dealing Day's Redemption Price

as calculated in accordance with paragraph 28.1 of this Prospectus. Redemption Requests received from Participating Dealers after the Dealing Deadline or on a day which is not a Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day.

RISKS OF INVESTING IN THE FUND

You should note that there are risks involved in investing in the Units. You should carefully consider the risk factors described in paragraphs 17 and 18 of this Prospectus together with all of the other information included in this Prospectus before deciding whether to invest in Units.

The market price of Units and the NAV per Unit may fall or rise. There can be no assurance that you will achieve a return on your investment in the Units or a return on capital invested.

Some or all of the principal risks described in this Prospectus may adversely affect the Fund's NAV, the Unit's Issue Price, Redemption Price, trading price, yield, total return and/or the ability of the Fund to meet its investment objective.

DISCLAIMER BY THE CURRENT LICENSOR PARTIES

The Units are not in any way sponsored, endorsed, sold or promoted by FTSE International Limited ("**FTSE**"), the London Stock Exchange Plc (the "**LSE**"), The Financial Times Limited ("**FT**"), SPH Data Services Pte. Ltd. ("**SPH**") or Singapore Press Holdings Ltd. ("**SGP**") (collectively, the "**Licensor Parties**") and none of the Licensor Parties make any warranty or representation whatsoever, expressly or impliedly, either as to the results to be obtained from the use of the Straits Times Index (STI) and/or the figure at which the Straits Times Index (STI) stands at any particular time on any particular day or otherwise. The Straits Times Index (STI) is compiled and calculated by FTSE. None of the Licensor Parties shall be liable (whether in negligence or otherwise) to any person for any error in the Straits Times Index (STI) and none of the Licensor Parties shall be under any obligation to advise any person of any error therein.

"FTSE[®]", "FT-SE[®]" and "Footsie[®]" are trade marks of the LSE and the FT and are used by FTSE under licence. "STI" and "Straits Times Index" are trade marks of SPH and are used by FTSE under licence. All intellectual property rights in the Straits Times Index (STI) vest in SPH and SGP.

CLEARANCE AND SETTLEMENT

Introduction

The Units are listed, quoted and traded on the SGX-ST. For the purpose of trading on the SGX-ST, a board lot for the Units will comprise 100 Units.

The Units are traded under the electronic book-entry clearance and settlement system of CDP. All dealings in and transactions of the Units through the SGX-ST will be effected in accordance with the terms and conditions for the operation of Securities Accounts, as amended from time to time.

CDP, a wholly-owned subsidiary of Singapore Exchange Limited, is incorporated under the laws of Singapore and acts as a depository and clearing organisation. CDP holds securities for its accountholders and facilitates the clearance and settlement of securities transactions between accountholders through electronic book-entry changes in the Securities Accounts maintained by such accountholders with CDP.

It is expected that the Units will be credited into the Securities Accounts of applicants for the Units within three (3) Market Days after the closing date for applications for the Units.

Clearance and Settlement under the Depository System

The Units will be registered in the name of CDP or its nominee and held by CDP for and on behalf of persons who maintain, either directly or through depository agents, Securities Accounts with CDP. Persons named as direct Securities Account holders and depository agents in the depository register maintained by CDP will be treated as Holders in respect of the number of Units credited to their respective Securities Accounts. You should note that as long as the Units are listed on the SGX-ST, Units may not be withdrawn from the depository register kept by CDP.

Transactions in the Units under the book-entry settlement system will be reflected by the seller's Securities Account being debited with the number of Units sold and the buyer's Securities Account being credited with the number of Units acquired and no transfer stamp duty is currently payable for the transfer of Units that are settled on a book-entry basis.

Units credited to a Securities Account may be traded on the SGX-ST on the basis of a price between a willing buyer and a willing seller. Units credited into a Securities Account may be transferred to any other Securities Account with CDP, subject to the terms and conditions for the operation of Securities Accounts and a transfer fee payable to CDP. All persons trading in the Units through the SGX-ST should ensure that the relevant Units have been credited into their Securities Account, prior to trading in such Units, since no assurance can be given that the Units can be credited into the Securities Account in time for settlement following a dealing. If the Units have not been credited into the Securities Account by the due date for the settlement of the trade, the buy-in procedures of the SGX-ST will be implemented.

Clearing Fees

When dealing on the SGX-ST, you will typically not bear any costs related to the creation and redemption of Units. However, you will need to pay brokers' commissions, clearing fees and other costs associated with dealing on the SGX-ST. These amounts are subject to your individual agreement with, and are paid directly by you to, your broker, the CDP and your other service providers.

Dealings in the Units will be carried out in Singapore dollars and will be effected for settlement in CDP on a scripless basis. Settlement of trades on a normal "ready" basis on the SGX-ST generally takes place on the third Market Day following the transaction date. CDP holds securities on behalf of investors in Securities Accounts. You may open a direct account with CDP or a sub-account with any CDP depository agent. A CDP depository agent may be a member company of the SGX-ST, bank, merchant bank or trust company.

The interests issued or offered to the public are represented by Units comprised in the Fund, the property of which shall be invested in Investments as defined in the Trust Deed.
- 10.2 Each Unit represents an undivided interest in the Deposited Property of the Fund. The rights, interests and obligations of Holders are contained in the Trust Deed.

VI INVESTMENT OBJECTIVE, FOCUS & APPROACH

- 11.1 The investment objective of the Fund is to replicate as closely as possible, before expenses, the performance of the Straits Times Index (STI), or upon the Manager giving three (3) months' prior written notice to the Trustee and the Holders, such other index which tracks the performance of Singapore listed equity securities. There can be no assurance that the Fund will achieve its investment objective or will be able to fully track the performance of the Index. This Fund is only suitable for investors who seek medium to long-term capital appreciation, believe that the Index will increase in value, are willing and able to accept that their principal will be at risk and seek an "index-based" approach to investing in a portfolio of Singapore listed equity securities in a cost effective and easy to access manner. **You should consult your financial advisers if in doubt as to whether the Fund is suitable for you.**
- 11.2 The Straits Times Index (STI), in total returns is the current benchmark for the Fund. The Straits Times Index (STI) is compiled and calculated by FTSE International Limited and represents the top 30 companies listed on the SGX-ST Mainboard ranked by full market capitalisation. The Index Shares are reviewed semi-annually in March and September and quarterly reviews in June and December were introduced from December 2012 to include eligible new issues that meet eligibility criteria (see <http://www.ftse.com/products/index-notices/home/getnotice/?id=338087>). The description of the index methodology and the latest information relating to the Index are available at the following websites – <http://www.ftse.com/products/indices/SGX-ST> and www.sgx.com. The Manager and FTSE International Limited have entered into a Licence Agreement under which the Manager has been licensed to use the Straits Times Index (STI) and certain trade marks in the Straits Times Index (STI) in connection with the Fund. You should note that the free float methodology of the Straits Times Index (STI) has been changed such that with effect from March 2013, the Straits Times Index (STI) will use actual free float (rounded up to the next 1%) in line with the adoption of actual free float in all FTSE indices. The updated index methodology may be found at <http://www.ftse.com/products/indices/SGX-ST>.

- 11.3 If the Straits Times Index (STI) ceases to be compiled or published or if the Licence Agreement with respect to the Straits Times Index (STI) is terminated for any reason, the Manager with the prior approval of the Trustee shall select an alternate or successor index (if necessary, customised by the index licensor or the Manager) using in the opinion of the Manager the same or substantially similar formula for the method of calculation as the Straits Times Index (STI) (the "**Successor Index**"). The Manager will manage the Fund's portfolio using this Successor Index, taking into account the interests of Holders.
- 11.4 Distributions, if any, will be determined by the Manager. The Manager currently intends to make distributions to Holders semi-annually around January and July of each year. The Manager will decide whether a distribution is to be made based on various factors, including dividend and/or interest income and/or capital gains derived from the investments of the Fund. Distributions will only be paid to the extent that they are covered by income received from underlying investments of the Fund and are available for distribution.
- 12.1 The Manager will seek to achieve the Fund's investment objective by investing all, or substantially all of the Fund's assets in Index Shares in substantially the same weightings as reflected in the Index (i.e. using a full replication strategy). The Manager may in its absolute discretion also invest in non-Index Shares to achieve the Fund's investment objective. The composition of the constituent securities of the Straits Times Index (STI), as at 31 March 2016 are disclosed in Appendix 1 of this Prospectus.
- 12.2 The Manager will rebalance the Fund's portfolio of investments from time to time to reflect any changes to the composition of, or the weighting of securities in the Index with a view to minimising tracking error of the Fund's overall returns relative to the performance of the Index. Such rebalancing may be in the form of investments in non-Index Shares.
- 12.2A The Fund will not invest in warrants, commodities and precious metals.
- 12.3 The Fund does not use or invest in any financial derivative instruments.
- 12.4 The Fund does not engage in securities lending or repurchase transactions. The Fund does not have exposures to commodities through financial derivatives or investments referred to in paragraph 2.10 or 2.12(b) of Appendix 1 – Investment: Core Requirements of the CIS Code.
- 12.5 You should note that the Units are Excluded Investment Products (as defined in the Notice on the Sale of Investment Products issued by the Authority, as the same may be modified, amended or revised from time to time) ("**EIPs**") and that the Fund does not invest and will not invest in any product and does not engage and will not engage in any transaction which may cause the Units not to be regarded as EIPs.
- 12.6 Neither the Manager nor the Trustee shall alter the investment objective of the Fund, unless otherwise agreed by an Extraordinary Resolution in a meeting of Holders duly convened and held in accordance with the provisions of the Trust Deed. The investment policy will be adhered to for at least three (3) years following the issue of the first prospectus of the Fund, unless otherwise agreed by the Holders by a special resolution in general meeting.

- 13.1 Unlike "actively managed" unit trusts and mutual funds, in their management of the Fund, the Manager does not attempt to outperform the Index nor does it seek temporary defensive positions when markets decline or appear overvalued by some standards. Accordingly, a fall in the Index may result in a corresponding fall in the NAV of the Fund.
- 13.2 *Investment restrictions.* Under the CIS Code, the Fund is classified as an index fund and the Fund will be subject to the investment guidelines for index funds set out in Appendix 5 of the CIS Code as well as the investment guidelines in Appendix 1 of the CIS Code. As the Fund is registered by the Central Provident Fund Board as an eligible investment under the CPF Investment Scheme, the Fund will also be subject to the CPF Investment Guidelines. The Fund will also not invest in any product and/or engage in any transaction which may cause the Units not to be regarded as EIPs.
- 14.1 Under the terms of the Trust Deed, the Fund may at any time and from time to time borrow, on a temporary basis for a borrowing period not exceeding one month, for the purposes of meeting redemptions and bridging requirements. Aggregate borrowings for such purposes should not exceed ten per cent. (10%) of the NAV of the Fund at the time the borrowing is incurred.
- 14.2 The base currency of the Fund is SGD and the Fund will issue Units denominated in Singapore dollars.

VII CPF INVESTMENT SCHEME

- 15.1 The Fund is included under the CPF Investment Scheme – Ordinary Account (the "**CPF Ordinary Account**") for subscription by members of the public using their CPF monies and is classified under the category of Higher Risk – Narrowly Focused – Country – Singapore.
- 15.2 The CPF interest rate for the CPF Ordinary Account is based on the weightage of 80% of the average 12-month fixed deposit and 20% of the average savings rates published by the major local banks. Under the CPF Act, the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate.

Savings in the Special Account and Medisave Account ("**SMA**") are invested in Special Singapore Government Securities (SSGS) which earn an interest rate pegged to either the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4% whichever is the higher, adjusted quarterly.

New Retirement Account ("**RA**") savings are invested in SSGS which earns a fixed coupon equal to either the 12-month average yield of the 10YSGS plus 1% at the point of issuance, or 4%, whichever is the higher. The interest credited to the RA is based on the weighted average interest rate of the entire portfolio of these SSGS invested using new and existing RA savings and is computed yearly in January.

As announced in September 2015, the Singapore government will maintain the 4% p.a. minimum rate for interest earned on all SMA and RA monies until 31 December 2016. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a.

The first \$60,000 of a CPF member's combined CPF accounts earns an extra 1% interest. To enable members to earn extra interest, only monies in excess of \$20,000 in a member's CPF Ordinary Account and \$40,000 in the Special Account can be invested.

You should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.

- 15.3 You may use your CPF monies in your CPF Ordinary Account to acquire Units on the SGX-ST. Units acquired using CPF monies may only be disposed of through trading on the SGX-ST.

(c)	Switching fee	-	Not applicable.
(d)	Any other fee	-	<u>Cost of Dealing on the SGX-ST</u>

If you deal on the SGX-ST, you will typically not bear any costs related to the creation and redemption of Units. However, you will need to pay brokers' commissions, clearing fees and other costs associated with dealing on the SGX-ST. These amounts are subject to your individual agreement with, and are paid directly by you to, your broker, the CDP and your other service providers (including CPF agent banks).

redemption amount (as the case may be) will be payable to the Participating Dealers.

Under the terms of the Trust Deed, for subscription and/or redemption of Units in cash, the Manager is entitled to charge Duties and Charges for the account of the Fund which would be used to defray the Fund's costs in the form of stamp duties, brokerage fees, clearing fees and taxes in investing cash for assets or realising the Fund's assets for cash, to prevent the NAV of the Fund from being diluted by the high transactional costs which would be incurred by the Fund. The Manager may, in its absolute discretion, waive either absolutely or subject to such conditions as it deems fit all or part of the Duties and Charges for Market Makers of the Fund.

The Transaction Fee would be used to defray the Fund's expenses in transfer and other administrative costs involved in creating Units. The Transaction Fee is charged per request, regardless of the number of Creation Units being created or redeemed. The Manager may, in its absolute discretion, waive either absolutely or subject to such conditions as it deems fit all or part of the Transaction Fee for Market Makers of the Fund. IX RISKS

17. The general risks of investing in the Fund are as follows:

- (a) While the Manager believes that the Fund offers income revenue and potential for capital appreciation, no assurance can be given that these objectives will be achieved. You should read this Prospectus and discuss all risks with your financial and legal advisors before making an investment decision.
- (b) Investments in the Fund are designed to produce returns over the long term and are not suitable for short term speculation. You should be aware that the price of Units, and the income from them, may go up as well as down, and that past performance is not necessarily a guide to the future performance of the Fund. A possible loss of the principal invested cannot be ruled out.
- (c) The risks of investments made by a collective investment scheme include economic, political, foreign exchange, liquidity, regulatory, interest rate, default and repatriation risks.

- (d) Dealings in the Units and the calculation of the NAV thereof may be suspended in certain circumstances and the redemption of Units may be suspended or deferred in certain circumstances as provided for in the Trust Deed and described in the section entitled "Suspension of Dealings" in paragraph 33 of this Prospectus.

18. The specific risks of investing in the Fund are as follows:

- (a) Market risk. The price of securities comprised in the portfolio of the Fund and the Units, and the income from them, may be influenced by political and economic conditions, changes in interest rates, the earnings of the corporations whose securities are comprised in the portfolio, and the market's perception of the securities.
- (b) Liquidity risk. The extent of market liquidity is dependent on the size and state of the markets and therefore affects the Fund's ability to acquire or dispose of assets at the price and time it so desires.
- (c) Trading market in Redemption Securities. Units may be redeemed in kind by Participating Dealers or by investors through Participating Dealers in Redemption Unit size (currently 500,000 Units) or multiples thereof. Redeeming investors will receive Redemption Securities (plus a cash payment of the Cash Redemption Component (if positive)). Redeeming investors may not be able to realise the value of Index Shares or non-Index Shares comprised in the Redemption Securities received on a redemption of Units in a timely manner or at any particular price if there is no liquid trading market for the Index Shares or non-Index Shares. However, if the Manager determines in its sole discretion that any Index Share or non-Index Share comprised in the Redemption Securities is likely to be unavailable for delivery or available in insufficient quantity for delivery upon the redemption of any Redemption Unit by an investor, then the Manager shall have the right in its sole discretion to pay cash equal to the Value of such Index Share or non-Index Share in lieu of delivering such Index Share or non-Index Share to the redeeming investor.
- (d) Trading market in the Units. Although the Units are listed on the SGX-ST, you should be aware that there may be no liquid trading market for the Units. There can be no assurance that active trading markets for Units will develop, nor is there a certain basis for predicting the actual price levels at, or sizes in, which Units may trade.
- (e) Minimum creation and redemption size. Units will only be issued or redeemed in-kind by or through Participating Dealers for account of investors and/or for their own account in Creation Unit or Redemption Unit aggregations (currently 500,000 Units, and multiples thereof). Currently, Units will only be issued and redeemed for in cash by or through Participating Dealers for account of investors and/or for their own account at a minimum of 100,000 Units. If you do not hold Redemption Unit aggregations, you may only be able to realise the value of your Units by selling your Units on the SGX-ST at the prevailing trading price of the Units or (if you hold at least the minimum redemption number of Units, which is currently 100,000 Units), by redeeming your Units in multiples of the minimum redemption number of Units on a Cash Dealing Day. However, you should note that the Participating Dealers are under no obligation to redeem your Units. **It is expected that most investors will dispose of their Units by selling them on the SGX-ST.**

- (f) Units may trade at prices other than NAV. The NAV of the Fund represents the fair price for buying or selling Units. As with any listed fund, the secondary market price of Units may sometimes trade above or below this NAV per Unit. The deviation from this NAV is dependent on a number of factors, but will be accentuated when there is a large imbalance between market supply and demand for Units on the SGX-ST. There is a risk, therefore, that Holders may not be able to buy or sell at a price close to this NAV per Unit. However, since Units can be created and redeemed (in Creation Unit or Redemption Unit aggregations or in multiples of 100,000 Units (or such other number as the Manager may determine upon giving prior notice to the Trustee) at NAV), the Manager believes that large discounts or premiums to the NAV of Units could not be sustained in an efficient market that allows for arbitrageurs to exploit the difference between trading prices and the NAV. The "bid/ask" spread (being the difference between the prices being bid by potential purchasers and the prices being asked by potential sellers) is another source of deviation from this NAV. The bid/ask spread can widen during periods of market volatility or market uncertainty, thereby increasing the deviation from this NAV.
- (g) Tracking error risk. Changes in the NAV of the Fund are unlikely to replicate exactly changes in the Index due to various factors. Factors such as fees and expenses of the Fund, liquidity of the market, imperfect correlation of returns between the Fund's securities and those in the Index, changes to the Index and regulatory policies may affect the Manager's ability to achieve close correlation with the Index. Imperfect correlation between the returns of portfolio securities and the Index is more likely to happen to the extent that the Fund invests in securities that are non-Index Shares or invests in those Index Shares with different weighting from that of the Index. The Fund's returns may therefore deviate from those of the Index. However, a fall in the Index may result in a corresponding fall in the Value of the Fund.
- (h) Distributions are contingent on dividends paid on Index Shares. The Fund's ability to pay distributions on the Units is dependent on the dividends declared and paid by the companies whose shares are held by the Fund and the level of fees and expenses payable by the Fund. Dividend payment rates of these companies are based on numerous factors, including their current financial condition, general economic conditions and their dividend policies. There can be no assurance that such companies will declare dividends or make other distributions. In addition, changes to the composition of the Index (for example, the substitution of one constituent stock in the Index with another paying higher or lower dividends) will affect the level of dividends received by the Fund as a percentage of Value. To the extent possible, the Fund will pay its fees and expenses out of the dividends it receives. To the extent dividends received by the Fund are insufficient to meet its fees and expenses, the excess will be met by disposing of part of the Fund's portfolio of Index Shares and/or by short-term borrowing. Any such disposition of Index Shares or borrowing may cause the Fund's Value to fall, and may adversely affect the trading price of the Units. You may therefore not receive any distributions. You will not receive any dividends or other distributions directly from the companies in which the Fund invests.
- (i) Dependence upon trading market for Index Shares, Future Index Shares and Former Index Shares. All of the Index Shares are listed on the SGX-ST. The existence of a liquid trading market for the Index Shares may depend on whether there is supply of, and demand for, such Index Shares. There can be no assurance that there will be

active trading in any of the Index Shares. The price at which the Index Shares may be purchased or sold by the Fund upon any rebalancing activities or otherwise and the Value of the Fund may be adversely affected if trading markets for the Index Shares, Future Index Shares and Former Index Shares are limited or absent.

- (j) Lack of discretion by Manager to adapt to market changes. The Index Shares held by the Fund will passively reflect the distribution of companies whose shares comprise the Index. Therefore, adverse changes in the financial condition or share performance of any company included in the Index will not result in the sale of the shares of such company, and will be likely to affect adversely the Fund's Value and the trading price of the Units. The Manager will have limited discretion to remove the shares of such company from the Fund.
- (k) Trading in Units on SGX-ST may be suspended. You will not be able to purchase or sell Units on the SGX-ST during any period that the SGX-ST suspends trading in the Units. The SGX-ST may suspend the trading of Units whenever the SGX-ST determines that it is appropriate in the interests of a fair and orderly market to protect investors. Subject to the provisions of the CIS Code, the creation and redemption of Units will also be suspended if the trading of Units on the SGX-ST is suspended.
- (l) Units may be delisted from SGX-ST. The SGX-ST imposes certain requirements for the continued listing of securities, including the Units, on the SGX-ST. There is no assurance that the Fund will continue to meet the requirements necessary to maintain the listing of Units on the SGX-ST or that the SGX-ST will not change its listing requirements. The Fund may be terminated if Units are delisted from the SGX-ST.
- (m) Reliance on Participating Dealers. The creation and redemption of Units can only be effected by or through Participating Dealers for account of investors and/or for their own account, except in restricted circumstances determined in the sole discretion of the Manager, with the approval of the Trustee. The number of Participating Dealers at any given time may be limited. You may not be able to submit creation or redemption requests through all the Participating Dealers but at any one time, there will be at least one Participating Dealer through whom you may submit creation or redemption requests. Participating Dealers are however under no obligation to accept instructions to create or redeem Units on your behalf. Subject to the provisions of the CIS Code, Participating Dealers will not be able to create or redeem Units during any period when, amongst other things, dealings on the SGX-ST are restricted or suspended, settlement or clearing of securities in the central clearing and settlement system established by the CDP is disrupted or clearing and settlement of in-kind transactions on the system established by the SGX-ST is disrupted or the Index is not compiled or published. In addition, subject to the provisions of the CIS Code, Participating Dealers will not be able to create or redeem Units if some other event occurs which impedes the calculation of the Value of the Fund by the Manager or during which delivery of Index Shares or disposal of the Fund's investments cannot be effected normally.
- (n) Suspension of creations and redemptions. Dealings of Units on the SGX-ST may not necessarily be suspended if the creation and redemption of Units is temporarily suspended by the Manager in accordance with the terms of the Deed. If the creation and redemption of Units is temporarily suspended, the trading price of the Units may

be adversely affected and differ from the market value of the Fund's underlying assets.

- (o) Changes in the Index. The Index is subject to regular review and revisions. Announcements that are made with respect to potential deletions from and additions to the Index can affect the price of affected companies as well as other companies and the Index as a whole. The Fund will, typically, hold securities issued by companies that may be deleted from the Index and will, typically, begin to acquire securities issued by companies that may be added to the Index. The relative performance of these two groups of stocks can have an adverse impact on the Fund.
- (p) Licence to use the Index may be terminated. The Manager has been granted a licence by the current Index Licensor to use the Straits Times Index (STI) as a basis for the composition of the Fund, and to use certain trade names and trademarks associated with the Straits Times Index (STI). The Fund may not be able to achieve its objective and may be terminated if the Licence Agreement is terminated and the Manager is unable to identify or agree with the Index Licensor or any other index licensor terms for the use of a suitable replacement index that uses, in the opinion of the Manager, the same or a substantially similar formula for the method of calculation as the Straits Times Index (STI). Any such replacement index will be notified to Holders. Accordingly, you should note that the Fund's ability to track the Index depends on the Licence Agreement continuing in force or a suitable replacement index being found.
- (q) Termination of trust. The commercial success of the Fund is dependent on attracting assets under management significantly larger than a traditional unit trust. If the size of the Fund falls below S\$300 million on any day falling two years or more after the date of the Trust Deed, the Manager may terminate the Fund.
- (r) Foreign exchange risks. All or substantially all of the Fund's assets will be invested in instruments denominated in Singapore dollars. If your base currency is not the Singapore dollar, you will be subject to the risk of fluctuations in the value of your base currency vis-à-vis the Singapore dollar.
- (s) Errors or inaccuracies in the Index. There may be inaccuracies, errors, omissions or mistakes in the compilation or calculation of the Index, which may result in significant deviations between the NAV of the Units and the Index. The accuracy and completeness of the calculation of the Index may be affected by, without limitation, the availability and accuracy of prices for its constituent securities, market factors and errors in its compilation. The Manager and the Trustee are not responsible or involved in the compilation or calculation of the Index, and thus cannot be held responsible or liable for any inaccuracies, errors, omissions or mistakes in such compilation or calculation.
- (t) Risk associated with the investment strategy of the Fund. Unlike "actively managed" unit trusts and mutual funds, in its management of the Fund, the Manager does not attempt to outperform the Index nor does it seek temporary defensive positions when markets decline or appear overvalued by some standards. Accordingly, a fall in the Index may result in a corresponding fall in the NAV of the Fund.

- (u) Concentration risk. There is a possibility that the Index Shares may be concentrated in a limited group of companies, industries or sectors as a result of the index methodology that is used to construct the Index. Exposure to a limited number of stocks also increases the potential volatility of the Fund due to the increased concentration risk as it is less diversified as compared to an exposure to regional or global markets.

The above is not an exhaustive list of the risks which you should consider before investing in the Fund. You should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.

X SUBSCRIPTION OF UNITS

How to purchase Units with cash or CPF monies

- 19.1 (i) You may apply for 100,000 Units (or multiples thereof) using cash (but not CPF monies) through Participating Dealers on any Cash Dealing Day. You may, through the Participating Dealers, submit Creation Requests to the Registrar on every Dealing Day for in-kind subscription of Units (see paragraphs 21 to 22 of this Prospectus for more details) but it is expected that investors who wish to acquire Units in smaller lot sizes will do so by trading in the Units on the SGX-ST.
- (ii) If you wish to acquire less than 100,000 Units, you may only acquire Units in lots of 100 Units on the SGX-ST using cash or CPF monies. You may buy Units on the SGX-ST through brokers in the same way as how you may buy shares in companies listed on the SGX-ST. The use of CPF monies shall be subject to such regulations, directives, requirements or terms and conditions as may be imposed by the CPF Board or the relevant CPF agent bank.
- 19.2 Payment for Units may be made as stipulated by the Participating Dealers from time to time.
- In respect of institutional investors and Market Makers, an investment form may also be obtained directly from the Participating Dealers and, once duly completed, forwarded by the Participating Dealers to the Registrar, together with the subscription monies in respect of the application for Units. You may obtain a list of the Participating Dealers through whom you may submit Creation Requests or Redemption Requests from the Manager.
- 19.3 Notwithstanding anything in this paragraph 19, the Manager shall retain the absolute discretion to accept or reject any application for Units in accordance with the provisions of the Trust Deed. If an application for Units is rejected by the Manager, the application monies shall be refunded (without interest) to you within a reasonable time in such manner as the Manager shall determine. No certificates will be issued by the Manager.
- 19.4 The minimum investment for the Fund in respect of cash subscriptions through Participating Dealers is 100,000 Units (with any additional investments being in multiples thereof) or such other investment amount as may be determined from time to time by the Manager upon giving prior notice to the Trustee.

20.1 The amount that you will have to pay for the number of Units applied for is calculated by multiplying the number of Units applied for by the Issue Price of the Units together with any Duties and Charges. The Issue Price of the Units shall be ascertained as follows:

- (i) by dividing the Value of the Deposited Property as at the Valuation Point of the relevant Cash Dealing Day on which applications for Units are deemed to be received by the Manager by the number of Units then in issue and deemed to be in issue; and
- (ii) by adjusting the resulting total per Unit to the nearest S\$0.0001 (with fractions of S\$0.00005 being rounded up).

The Manager may add to the Issue Price calculated (but not include within it) such sum (if any) as the Manager may consider represents the appropriate provision for Duties and Charges, which shall be for the account of the Fund. The Issue Price shall be calculated in Singapore dollars. The Issue Price shall be based on forward pricing which means that the Issue Price of the Units shall not be ascertainable at the time of application for Units.

20.2 Requests for subscription of Units using cash must reach the Registrar on or before the Dealing Deadline for the Cash Dealing Day (12 noon (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require). If the request for subscription of Units using cash is received by the Registrar after the Dealing Deadline, it shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day. You may obtain the Issue Price on the next Business Day from the Manager's website at www.nikkoam.com.sg.

20.3 The following is an illustration of the amount that you will have to pay based on an investment of 100,000 Units in the Fund through a Participating Dealer and a notional Issue Price of S\$2.7500 (the actual Issue Price of the Units will fluctuate according to the Value of the Deposited Property and the number of Units then in issue):

100,000 Units Number of Units proposed to be subscribed	x S\$2.7500 Issue Price	=	S\$275,000	+	S\$1,100 Duties and Charges*	=	S\$276,100 Total amount payable by investor
--	------------------------------------	----------	-------------------	----------	---	----------	--

* Assuming that you are charged 0.10% of the subscription amount by the Manager and 0.3% of the subscription amount by the Participating Dealer. You should note that in addition to such Duties and Charges, you will also have to bear all brokerage fees charged by your stockbrokers.

The price of Units traded on SGX-ST shall be based on their market prices throughout the trading day for SGX-ST.

20.4 Applications for subscription of Units using cash will only be accepted and processed if the application monies and/or the Duties and Charges in respect of that application have been received in full in cleared funds by or to the order of the Trustee by no later than the third Dealing Day after the relevant Cash Dealing Day ("**Cash Settlement Date**").

If the above is not satisfied, the application for subscription of Units will be cancelled. Participating Dealers will be liable to pay a cancellation fee of such amount as the Manager may from time to time determine to represent the Duties and Charges, the administrative costs involved in processing the application, interest costs incurred by the Fund and any losses arising in respect of the Fund's purchase and sale of Investments in connection with such cancellation (including the difference between the NAV of the Units on the Cash Settlement Date compared to the relevant Cash Dealing Day).

- 20.5 The Issue Price excludes any subscription fee or preliminary charge as no subscription fee or preliminary charge is payable.

How to subscribe for Units in-kind

- 21.1 The Manager shall issue blocks of 500,000 Units (each a "**Creation Unit**") or multiples thereof on a continuous basis on every Dealing Day to Participating Dealers at the Issue Price for that Creation Unit. The Issue Price for the Creation Unit shall be ascertained as follows:

- (i) by dividing the Value of the Deposited Property at the Valuation Point of the relevant Dealing Day on which applications for Creation Units are deemed to be received by the Manager by the number of Units then in issue and deemed to be in issue;
- (ii) by adjusting the resulting total per Unit to the nearest S\$0.0001 (with fractions of S\$0.00005 being rounded up); and
- (iii) by multiplying the resulting total by the number of Units comprising a Creation Unit aggregation.

The Manager may add to the Issue Price calculated (but not include within it) such sum (if any) as the Manager may consider represents the appropriate provision for the Transaction Fee, which shall be for the account of the Fund. The Issue Price for the Creation Unit shall be calculated in Singapore dollars. The Issue Price for the Creation Unit shall be based on forward pricing which means that the Issue Price of the Units shall not be ascertainable at the time of request to create the Creation Unit.

Procedures for Creation of Units

- 21.2 If you wish to create Units by subscribing for Units in-kind, you must approach a Participating Dealer to do so on your behalf. The Participating Dealer may require you to complete a form. In addition, the Participating Dealer may request that you make certain representations or enter into agreements with respect to the order, for example, to provide for payments of cash, when required. You should be aware that your broker or dealer may not have executed a Participant Agreement and that, therefore, your broker or dealer may have to place orders to create Units through a Participating Dealer that has entered into a Participant Agreement. In such cases, you may have to pay additional charges. At any given time, there may be only one or a limited number of Participating Dealers through whom you may submit Creation Requests.
- 21.3 Creation Requests received from Participating Dealers and accepted by the Manager on or before the Dealing Deadline on each Dealing Day (5.30pm (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior

notification to the Holders at such time and in such manner as the Trustee may require) will be processed at that Dealing Day's Issue Price as calculated in accordance with paragraph 21.1 of this Prospectus. Creation Requests received from Participating Dealers after the Dealing Deadline or on a day which is not Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day. If you place an order for Units, you should afford sufficient time for the order to be properly submitted by the Participating Dealers to the Registrar prior to the Dealing Deadline on the relevant Dealing Day.

21.4 When submitting the Creation Request, the Participating Dealer should tender to the Custodian of the Fund the Index Shares and non-Index Shares as comprising a Deposit Basket for each Creation Unit no later than three (3) Dealing Days following the relevant Dealing Date (the "**Settlement Date**") in accordance with the terms of the Participant Agreement. The delivery of Units properly applied for will occur in accordance with the terms of the Participant Agreement which is normally no later than the Settlement Date in accordance with the terms of the Participant Agreement.

21.5 The creation of Units in Creation Unit aggregations will only be done if the following are satisfied:

- (i) the Index Shares and non-Index Shares delivered to the Custodian in respect of that issue of Creation Units have been approved by the Manager as comprising a Deposit Basket with respect to the relevant Dealing Date and the Value of any non-Index Shares do not exceed twenty per cent. (20%) (or such other percentage as determined by the Manager from time to time and approved by the Trustee) of the Issue Price on the previous Dealing Day;
- (ii) the aggregate of (a) the Value of the Index Shares and non-Index Shares on the relevant Dealing Date delivered to the Custodian and (b) the amount of cash paid to or to the order of the Trustee or Custodian in respect of the Cash Issue Component for the Creation Unit aggregation (as described in paragraph 21.6 below) is equal to the Issue Price for that Creation Unit aggregation;
- (iii) the Index Shares and non-Index Shares have been vested upon the trusts of the Trust Deed in the Trustee to the Trustee's satisfaction or satisfactory evidence of title and instruments of transfer shall have been produced to or to the order of the Trustee by such time and date as determined therefor by the Manager in its discretion, provided that such date shall occur no later than the relevant Settlement Date; and
- (iv) the full amount of the Cash Issue Component, and/or Transaction Fee in respect of that Creation Unit size shall have been received in full in cleared funds by or to the order of the Trustee by such time and date as determined therefor by the Manager in its discretion, provided that such date shall occur no later than the relevant Settlement Date.

If any of the above is not satisfied, the Creation Request will be cancelled. Participating Dealers will be liable to pay a cancellation fee of such amount as the Manager may from time to time determine to represent the Transaction Fee, the administrative costs involved in processing the Creation Request, purchasing and/or selling any Investments, and redelivering any Index Shares and non-Index Shares, interest costs incurred by the Fund and any losses

arising in respect of the Fund's purchase and sale of Investments in connection with such cancellation (including the difference between the NAV of the Units on the Settlement Date compared to the relevant Dealing Day).

- 21.6 The Cash Issue Component of a Creation Unit is the difference between the Issue Price of the Creation Unit as calculated in paragraph 21.1 and the Value of the Index Shares and non-Index Shares constituting a Deposit Basket on the relevant Dealing Date delivered to the Custodian. If the Cash Issue Component, after taking into account the Transaction Fee is a negative amount no cash shall be payable or paid by a Participating Dealer, but a cash amount equal to the negative amount shall be paid by the Trustee to the Participating Dealer within three (3) Dealing Days following the relevant Dealing Day.

Acceptance of Orders for Creation Unit aggregations

- 21.7 The Trustee and the Manager reserve the absolute right without giving any reason therefor to reject a Creation Request transmitted to the Registrar. The Manager currently intends to reject a Creation Request if:
- (i) the order is not in proper form; or
 - (ii) under applicable law or regulation, the applicant (on whose behalf the Participating Dealer is acting) is not eligible to subscribe for, purchase or hold Units, or in the discretion of the Trustee or the Manager the purchase or holding of Units by the applicant might result in the Fund, the Manager or the Trustee incurring any liability to tax or suffering any other financial disadvantage or becoming subject to any law or regulation which they might not otherwise have incurred or suffered or become subject to.

The Registrar will notify the Participating Dealer of any rejection of an order placed by that Participating Dealer. The Trustee and the Manager are under no duty to provide reasons for rejecting a Creation Request in respect of the Fund.

22. The Manager may, with the approval of the Trustee, at its discretion change the number of Units comprising a Creation Unit aggregation for the purpose of effecting creations of Units.

The following paragraphs 23 and 24 are applicable to subscribing for Units in cash and in-kind

23. For every successful application for Units, the Participating Dealer will be sent a confirmation detailing the number of Units allotted within seven (7) Business Days of the receipt of the application by the Registrar. All Units created through subscription of Units by or through the Participating Dealers will be entered on the records of CDP in the name of the relevant Participating Dealer or its nominee.
24. No Units will be issued and no Creation Requests will be accepted during any period when the creation and redemption of Units is suspended (see paragraph 33 entitled "Suspension of Dealings" below).
25. Deleted.

XI REALISATION OF UNITS

How to sell Units for cash or CPF monies

- 26.1 (i) You may apply to redeem 100,000 Units (or multiples thereof) for cash (but not CPF monies) on any Cash Dealing Day through Participating Dealers. **If you wish to dispose of less than the minimum redemption number of Units (as set out in paragraph 26.3), you may only do so on the SGX-ST.** You may, through the Participating Dealers, submit Redemption Requests on every Dealing Day for in-kind redemption of Units (see paragraph 28 of this Prospectus for more details) but it is expected that smaller investors who wish to redeem Units will do so by trading in the Units on the SGX-ST.
- (ii) If you wish to dispose of less than 100,000 Units, you may sell your Units which were purchased with cash or CPF monies on the SGX-ST through brokers in the same way as how you may sell shares in companies listed on the SGX-ST. The use of CPF monies shall be subject to such regulations, directives, requirements or terms and conditions as may be imposed by the CPF Board or the relevant CPF agent bank.
- 26.2 A Holder of 100,000 Units or more may redeem Units pursuant to paragraph 26.1(i) above through completing the redemption request (or such other form as the Manager may approve from time to time) and forwarding the same to Participating Dealers. However, if you have applied to subscribe for Units using cash on any Cash Dealing Day, you shall not be entitled to redeem the Units to be issued to you until after the Cash Settlement Date in respect of that Cash Dealing Day.
- 26.3 There is no minimum holding amount for the Units. The minimum redemption number of Units in respect of cash redemptions through Participating Dealers is 100,000 Units or such other number of Units as may be determined from time to time by the Manager upon giving prior notice to the Trustee. However, if the Units cease at any time to be listed on the SGX-ST and any other stock exchange on which the Units may be listed or quoted on for a continuous period of 30 days, subject to paragraph 33 the Manager will, within 14 days from the end of such 30 day period, commence accepting redemption requests made directly by Holders subject to the provisions of the Trust Deed, and if the Units are subsequently re-listed on the SGX-ST or a stock exchange, the Manager may, on reasonable notice given to Holders, again require redemption requests to be made only through Participating Dealers. Holders with less than the minimum redemption number of Units may sell their Units for cash by trading the Units on the SGX-ST.
- 27.1 The net realisation proceeds are calculated by multiplying the number of Units to be redeemed by the Redemption Price of the Units on the relevant Cash Dealing Day which shall be ascertained as follows:
- (i) by dividing the Value of the Deposited Property at the Valuation Point of the relevant Cash Dealing Day on which applications to redeem Units are deemed to be received by the Manager by the number of Units then in issue and deemed to be in issue; and
- (ii) by adjusting the resulting total per Unit to the nearest S\$0.0001 (with fractions of S\$0.00005 being rounded up).

The Manager may deduct from the realisation proceeds such sum (if any) as the Manager may consider represents the appropriate provision for Duties and Charges, which shall be for the account of the Fund. The Redemption Price shall be calculated in Singapore dollars and shall be based on forward pricing which means that the Redemption Price of the Units shall not be ascertainable at the time of application to redeem Units.

27.2 Applications to redeem Units for cash must reach the Registrar on or before the Dealing Deadline on the Cash Dealing Day (12 noon (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require). If the request to redeem Units for cash is received by the Registrar after the Dealing Deadline, it shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Cash Dealing Day. You may obtain the Redemption Price on the next Business Day from the Manager's website at www.nikkoam.com.sg.

27.3 The following is an illustration of the realisation proceeds (before deduction of Duties and Charges) that you will receive based on a redemption of 100,000 Units through a Participating Dealer and a notional Redemption Price of S\$2.7500 (the actual Redemption Price of the Units will fluctuate according to the Value of the Deposited Property and the number of Units then in issue).

100,000 No. of Units Redeemed	x	S\$2.7500 Redemption Price	=	S\$275,000 Gross Realisation Proceeds	–	S\$1,100 Duties and Charges*	=	S\$273,900 Net Realisation Proceeds
--	----------	---	----------	--	----------	---	----------	--

* Assuming that you are charged 0.10% of the subscription amount by the Manager and 0.3% of the amount by the Participating Dealer. You should note that in addition to such Duties and Charges, you will also have to bear all brokerage fees charged by your stockbrokers.

The price of Units traded on SGX-ST shall be based on their market prices throughout the trading day for SGX-ST.

27.4 Where Units are to be redeemed for cash, the Manager shall proceed to effect any sales of Investments necessary to provide the cash required to pay the realisation proceeds and notify the Trustee that those Units are to be redeemed and cancelled. In such event the Fund shall be reduced by the cancellation of those Units on the Cash Settlement Date and for settlement on that Cash Settlement Date the Trustee shall pay the realisation proceeds to the relevant Holder. Notwithstanding the foregoing, no realisation proceeds shall be paid unless Units, the subject of the application to redeem Units for cash, have been delivered to the Trustee for redemption by such time on the Cash Settlement Date as the Trustee and the Manager shall for the time being prescribe. If Units are not delivered to the Trustee for redemption in accordance with the foregoing: (i) the application for redemption for cash shall be deemed never to have been made (except that the Duties and Charges shall remain due and payable) and (ii) the Manager may, but shall not be bound to, charge the Holder's Participating Dealer (for the account of the Fund) a cancellation fee of such amount as it may from time to time determine to represent the administrative costs involved in processing the redemption request, purchasing and/or selling any Investment and redelivering any Units, and any losses arising in respect of the Fund's sale and purchase of Investments and any interest costs

incurred by the Fund in connection with such failed redemption. In addition, the Manager may, but shall not be bound to require the Holder's Participating Dealer to pay to the Trustee for the account of the Fund in respect of each Unit, the subject of the application for redemption of Units for cash, the amount (if any) by which the Redemption Price of each such Unit on the relevant Cash Dealing Day is less than the Issue Price which would have applied in relation to each such Unit as if the Manager had received on the relevant Cash Settlement Date in relation to such Units to be redeemed an application from such Holder's Participating Dealer for the subscription of such Units in accordance with the provisions of paragraphs 19 and 20 of this Prospectus.

- 27.5 The Redemption Price excludes realisation charge as no realisation charge is payable.
- 27.6 Payment will be made within three (3) Dealing Days after the relevant Cash Dealing Day subject to the provisions of the Trust Deed. For Units purchased with cash, the net realisation proceeds shall be paid to the Participating Dealer.

How to redeem Units in-kind

- 28.1 After the listing of the Units on SGX-ST, the Manager shall determine and designate the Index Shares and non-Index Shares comprising the Redemption Basket applicable to requests to redeem Units in Redemption Unit aggregations submitted with respect to each Dealing Day. The Manager shall permit redemption of a Redemption Unit or multiples thereof on a continuous basis on every Dealing Day to Participating Dealers at the Redemption Price for that Redemption Unit. On receipt of a Redemption Request by the Registrar from a Participating Dealer on behalf of a Holder which complies with the requirements as set out in paragraph 28.7 below, the Manager shall effect the redemption of the Units, in Redemption Unit aggregations, specified in the Redemption Request for proceeds equivalent to the Redemption Price of each Redemption Unit aggregation to be redeemed, such proceeds to be by way of a transfer by or on behalf of the Trustee *in specie* of the Redemption Securities and payment by or on behalf of the Trustee in cash of the Cash Redemption Component (if positive) determined as at the relevant Dealing Day. The Redemption Price for the Redemption Unit shall be ascertained as follows:
- (i) by dividing the Value of the Deposited Property at the Valuation Point of the relevant Dealing Day on which applications to redeem the Redemption Unit are deemed to be received by the Manager by the number of Units then in issue and deemed to be in issue;
 - (ii) by adjusting the resulting total per Unit to the nearest S\$0.0001 (with fractions of S\$0.00005 being rounded up); and
 - (iii) by multiplying the resulting total by the number of Units comprising a Redemption Unit aggregation.

The Manager may set off against any Cash Redemption Component payable to a Participating Dealer such sum (if any) as the Manager may consider represents the appropriate provision for the Transaction Fee, which deduction shall be for the account of the Fund. To the extent that the Cash Redemption Component is insufficient to pay such Transaction Fee payable on such redemption, the Participating Dealer shall promptly pay the shortfall in Singapore dollars to or to the order of the Trustee and the Trustee shall not be

obliged to deliver (and shall have a general lien over) the Redemption Securities until such shortfall is paid in full to or to the order of the Trustee. The Redemption Price for the Redemption Unit shall be based on forward pricing which means that the Redemption Price of the Units shall not be ascertainable at the time of request to redeem the Redemption Unit.

Procedures for Redemption of Units in-kind

- 28.2 If you have applied to subscribe for Units in-kind on any Dealing Day, you will not be entitled to redeem the Units to be issued to you until after the Settlement Date in respect of that Dealing Day. If you wish to redeem Units in-kind, you must approach a Participating Dealer to do so on your behalf. The Participating Dealer may require you to complete a form. In addition, the Participating Dealer may request that you make certain representations or enter into agreements with respect to the order, for example, to provide for payments of cash, when required. You should be aware that your broker or dealer may not have executed a Participant Agreement and that, therefore, your broker or dealer would have to place orders to redeem Units through a Participating Dealer that has entered into a Participant Agreement. In such cases, you may have to pay additional charges. At any given time, there may be only one or a limited number of Participating Dealers through whom you may submit Redemption Requests.
- 28.3 Redemption Requests received from Participating Dealers and accepted by the Registrar on or before the Dealing Deadline on each Dealing Day (5.30pm (Singapore time) or such other time as the Manager may determine with the prior approval of the Trustee and prior notification to the Holders at such time and in such manner as the Trustee may require) will be processed at that Dealing Day's Redemption Price as calculated in accordance with paragraph 28.1 of this Prospectus. Redemption Requests received from Participating Dealers after the Dealing Deadline or on a day which is not a Dealing Day shall be deemed to be received by the Registrar on or before the Dealing Deadline for the next Dealing Day. If you place an order to redeem Units, you should afford sufficient time for the order to be properly submitted by the Participating Dealers to the Registrar prior to the Dealing Deadline on the relevant Dealing Day.
- 28.4 The Index Shares and non-Index Shares comprising the Redemption Basket ("**Redemption Securities**") distributable and Cash Redemption Component (less any Transaction Fee) in respect of the redemption of Units may be transferred or paid sooner but shall, subject to the provisions of paragraph 33 of this Prospectus, be distributable and payable no later than the Settlement Date provided that the Units, which are the subject of the redemption request, have been delivered to the Trustee by the Settlement Date and the full amount of the Cash Redemption Component (if negative) and any additional sums payable under paragraph 30 and/or the Transaction Fee payable have been deducted and set-off or otherwise paid in full by the Settlement Date. For the purposes of this paragraph 28.4, the Holder on whose behalf a Redemption Request is made by a Participating Dealer shall be deemed to authorise (i) the transfer of the Redemption Securities by book entry to the designated stock account and (ii) the payment of the Cash Redemption Component by book entry payment to the designated cash account or by telegraphic transfer to a bank account in the name or to the order, in each case, of that Participating Dealer by or through whom that redemption request was made. The Cash Redemption Component shall be paid in Singapore dollars and, if paid by telegraphic transfer, shall be paid to a Singapore dollar account of a Singapore bank, unless otherwise agreed by the Manager.

28.5 Where Units are to be redeemed, the Manager shall proceed to effect any sales of Investments necessary to provide the cash required to pay the Cash Redemption Component (if applicable) and notify the Trustee that those Units are to be redeemed and cancelled. In such event the Fund shall be reduced by the cancellation of those Units on that Settlement Date and for settlement on that Settlement Date (or such later date as may from time to time be determined by the Manager with the consent of the Trustee) the Trustee shall transfer the applicable Redemption Securities out of the Deposited Property to or to the order of the Participating Dealer through which the redeeming Holder made his redemption request and shall pay the Cash Redemption Component to the relevant Holder within three (3) Dealing Days after the relevant Dealing Day. Notwithstanding the foregoing, no Redemption Securities shall be delivered and no Cash Redemption Component shall be paid unless Units, the subject of the Redemption Request, have been delivered to the Trustee for redemption by such time on the Settlement Date as the Trustee and the Manager shall for the time being prescribe for such Redemption Request. The Manager, with prior approval of the Trustee, may at its discretion extend the settlement period, such extension to be on such terms and conditions (including as to the payment of any fees it may determine to represent the administrative costs involved in extending the Settlement Date) as the Manager may determine. If Units are not delivered to the Trustee for redemption in accordance with the foregoing: (i) the Redemption Request shall be deemed never to have been made (except that the Transaction Fee therefor shall remain due and payable) and (ii) the Manager may, but shall not be bound to, charge the Holder's Participating Dealer (for the account of the Fund) a cancellation fee of such amount as it may from time to time determine to represent the administrative costs involved in processing the redemption request, purchasing and/or selling any Investments and redelivering any Units, and any losses arising in respect of the Fund's sale and purchase of Investments and any interest costs incurred by the Fund in connection with such failed redemption. In addition, the Manager may, but shall not be bound to require the Holder's Participating Dealer to pay to the Trustee for the account of the Fund in respect of each Unit on the relevant Dealing Day, the subject of the Redemption Request, the amount (if any) by which the Redemption Price of each such Unit is less than the Issue Price which would have applied in relation to each such Unit as if the Manager had received on the relevant Settlement Date in relation to such Units to be redeemed an application from such Holder's Participating Dealer for the creation of such Units in accordance with the provisions of paragraphs 21 and 22 of this Prospectus.

28.6 The Cash Redemption Component of a Redemption Unit is the difference between the Redemption Price of the Redemption Unit calculated in accordance with paragraph 28.1 of this Prospectus and the Value of the Index Shares and non-Index Shares constituting a Deposit Basket.

Acceptance of Orders for Redemption of Redemption Unit aggregations

28.7 To be effective, a Redemption Request:

- (i) must be given to a Participating Dealer in accordance with the relevant Participant Agreement;
- (ii) must specify the (round) number of Redemption Unit aggregations the subject of the Redemption Request; and

- (iii) may not be in respect of Units other than as comprising a Redemption Unit aggregation.
29. A Redemption Request once given cannot be revoked or withdrawn without the consent of the Manager.
30. The Manager may from time to time in its absolute discretion substitute an amount of cash to replace any Index Shares and non-Index Shares comprised in a Redemption Basket in connection with a request to redeem any Redemption Unit aggregation. If the Manager exercises such discretion, the cash in lieu amount shall be equal to the Value of such substituted Index Shares or non-Index Shares and shall comprise part of the Cash Redemption Component and each such substituted Index Share or non-Index Share shall be deemed not to be a Redemption Security comprising part of the Redemption Basket. The Manager shall be entitled in its discretion to charge (for the account of the Fund) to the applicant of any Units for which cash is paid in lieu of delivering any Redemption Securities such additional sum it may consider represents the appropriate provision for expenses incurred by the Fund.

Applicable to redeeming Units in cash and in-kind

31. The Manager shall be entitled to limit the total number of Units which Holders are entitled to redeem in cash on a Dealing Day to ten per cent. (10%) (or such higher percentage as the Manager may determine in any particular case with the approval of the Trustee) of the total number of Units in issue (disregarding any Units which have been agreed to be issued) and to limit the total number of Units which Holders are entitled to redeem in-kind on a Dealing Day to a further ten per cent. (10%) (or such higher percentage as the Manager may determine in any particular case with the approval of the Trustee) of the total number of Units in issue (disregarding any Units which have been agreed to be issued). Each such limitation shall be applied (subject as provided in the last sentence of this paragraph) *pro rata* among all Participating Dealers who have validly requested redemptions to be effected in cash or *pro rata* among all Participating Dealers who have validly requested redemptions to be effected in-kind (as the case may be) on such Dealing Day so that the proportion redeemed of each holding so requested to be redeemed in cash is the same for all Participating Dealers who have validly requested redemptions to be effected in cash and the proportion redeemed of each holding so requested to be redeemed in-kind is the same for all Participating Dealers who have validly requested redemptions to be effected in-kind. Any Units which, by virtue of the powers conferred on the Manager hereby, are not redeemed in respect of a particular Dealing Day (a "**first relevant Dealing Day**") shall be carried forward for redemption (subject to any further application of the provisions of this paragraph) on the Dealing Day or (in the case of redemptions of Units in cash) the Cash Dealing Day next following the first relevant Dealing Day (such Dealing Day or Cash Dealing Day shall be referred to as a "**second relevant Dealing Day**"). The Manager will inform the Participating Dealers of Units the redemption of which has been deferred within one Business Day after the first relevant Dealing Day and that (subject as aforesaid) they shall be redeemed on the second relevant Dealing Day. If on the second relevant Dealing Day the Manager shall decide to apply the limitation described in the first sentence of this paragraph, Units the subject of redemption requests first carried forward from the first relevant Dealing Day shall then (subject to the application of such limitation) be redeemed in priority to Units the subject of redemption requests received on the second relevant Dealing Day, and such second relevant Dealing

Day shall be treated as the first relevant Dealing Day for Holders whose redemption requests are to be carried forward hereunder after such second relevant Dealing Day.

- 31A. Where any applications or requests for subscription, creation or redemption of Units in cash or in-kind are submitted by a Participating Dealer for its own account, Parts X and XI of this Prospectus shall apply *with the necessary modifications* to such applications or requests as if they were submitted by the Participating Dealer as Participating Dealer on behalf of itself as applicant for or Holder of the Units.

XII OBTAINING PRICES OF UNITS

32. The Issue Price and Redemption Price of Units will be available on the Business Day following each Dealing Day.

You may check such prices on the Manager's website at www.nikkoam.com.sg.

XIII SUSPENSION OF DEALINGS

33. Subject to the provisions of the CIS Code, the Manager may at any time with the prior approval of the Trustee suspend the creation and/or redemption of Units of the Fund and/or delay the payment of any monies and distribution of any Redemption Securities in respect of any such redemption during any of the following periods:

- (a) any period when the SGX-ST is closed;
- (b) any period when dealings of the Units on the SGX-ST are restricted or suspended;
- (c) any period when settlement or clearing of securities in CDP is disrupted;
- (d) the existence of any state of affairs as a result of which delivery of Index Shares or non-Index Shares comprised in a Deposit Basket or Redemption Basket or disposal of Investments for the time being comprised in the Deposited Property cannot, in the opinion of the Manager, be effected normally or without prejudicing the interests of Holders;
- (e) any period when, in the opinion of the Manager, funds cannot be normally remitted from the Deposited Property without prejudicing the interests of Holders;
- (f) any period when the Index is not compiled or published;
- (g) any breakdown in the means normally employed in determining the Value of the Deposited Property or liabilities of the Fund or when for any other reason the Value of any Investment or other property for the time being comprised in the Deposited Property or the liabilities of the Fund cannot be promptly and accurately ascertained;
- (h) any 48 hours (or such longer period as the Manager and the Trustee may agree) prior to the date of any meeting of Holders, or any adjourned meeting thereof;
- (i) any period when the business operations of the Manager or the Trustee in relation to the operations of the Fund are substantially interrupted or closed as a result of or

arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God;

(j) any period when the dealing of Units is suspended pursuant to any order or direction issued by the Authority; or

(k) such circumstances as may be required under the provisions of the CIS Code.

34. Such suspension (which expression shall include the aforesaid right to delay payment) shall take effect forthwith upon the declaration thereof by the Manager and thereafter there shall be no creation or issue of Units, and/or (as the case may be) no redemption of Units and/or transfer of such Redemption Securities and payment of the Cash Redemption Component or cash Redemption Price in respect of any such redemption until the Manager shall declare the suspension at an end, except that the suspension shall terminate as soon as practicable when (a) the condition giving rise to the suspension shall have ceased to exist and (b) no other condition under which suspension is authorised under the Trust Deed shall then exist, and in any event, within 21 days of the commencement of the suspension. The period of suspension may be extended if the Manager satisfies the Trustee that it is in the best interest of the Holders for the dealing in Units to remain suspended. Such extension should be subject to weekly review by the Trustee. Each declaration by the Manager pursuant to paragraph 33 shall be consistent with such official rules, regulations and guidelines, if any, relating to the subject matter thereof as shall have been promulgated by any authority having jurisdiction over the Fund and as shall be in effect at the time. To the extent not inconsistent with such official rules, regulations and guidelines, and subject to the foregoing provisions hereof, the declaration of the Manager shall be conclusive. During any such suspension by reason of any of the circumstances set out in paragraphs 33(a) to (k) above, the calculation of the Value of the Deposited Property and each Unit (including the Issue Price and Redemption Price) may also be suspended and the Manager shall be under no obligation to rebalance or adjust the Deposited Property, in either case at the discretion of the Manager and with the prior approval of the Trustee. The Manager shall publish the fact that the calculation of the Value of the Deposited Property and each Unit is suspended immediately following such suspension and at least once a month during the period of such suspension in such newspaper or newspapers in Singapore or elsewhere as the Manager may from time to time think fit.

35. Any Participating Dealer may at any time after such a suspension has been declared and before termination of such suspension withdraw any redemption request or any application for the issue of Units by notice in writing to the Manager to whom the relevant request or application had originally been submitted. If no such notification of the withdrawal of any such request or application has been received by the Manager before termination of such suspension, the Manager shall, subject to and in accordance with the provisions of the Trust Deed, redeem Units in respect of which the Manager has received a valid Redemption Request and the Trustee and the Manager shall consider applications for the issue of Units as at the Dealing Day or (in the case of redemptions or issue of Units in cash) the Cash Dealing Day next following the termination of such suspension. In addition, the period for distributing any proceeds the distribution of which has been delayed pursuant to the suspension shall be extended by a period equal to the length of the period of the suspension.

36.3 The returns for the Fund are calculated on the assumption that all dividends to the Fund and distributions (if any) made by the Fund are reinvested, taking into account all charges which would have been payable upon such reinvestment.

36.4 You should note that the performance of the Fund is calculated on a total return basis which includes dividends and distributions (if any) and the performance of the benchmark is also calculated on a total return basis assuming reinvestment of dividends (if any). You should also note that the past performance of the Fund indicated in paragraph 36.1 above is not necessarily indicative of the future performance of the Fund.

36.5 As required under the regulations made under the Securities and Futures Act, this Prospectus does not contain any other information on past performance based on simulated results of a hypothetical collective investment scheme.

36.6 Expense ratio

The expense ratio of the Fund (calculated in accordance with Investment Management Association of Singapore's guidelines on the disclosure of expense ratios and based on figures in the Fund's latest audited accounts) for the financial year ended 30 June 2015 is 0.35%.

The following expenses (where applicable) are excluded from the calculation of the expense ratios:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) foreign exchange gains and losses of the Fund whether realised or unrealised;
- (c) front-end loads, back-end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;

- 37. The current benchmark against which the performance of the Fund will be measured is the Straits Times Index (STI), in total returns.

XV SOFT DOLLAR COMMISSIONS/ARRANGEMENTS

- 38.1 The primary objective of the Manager in placing orders for the purchase and sale of Index Shares and non-Index Shares, when adjusting the Fund's portfolio to reflect changes in the Index or in respect of a cash subscription or redemption, is to obtain the most favourable net results taking into account such factors as price, commission or spread and size of the order. Where it is consistent with this objective, it is the Manager's practice to place such orders with brokers/dealers who supply research, market information and quotations and statistical information to the Manager, which may be useful to the Manager in providing its services as manager of the Fund and/or may be useful to the Manager in providing services to other clients (including other funds managed by the Manager), other than as manager of the Fund.

38.2 **Appointment of soft dollar brokers**

The Manager will appoint soft dollar brokers onto its broker panel only after it has ensured that:

- a) full disclosure of the practice of accepting soft dollars is made;
- b) the commission rates charged are comparable with the market rates;
- c) there is no conflict of interest;
- d) the soft dollar credits are used only for clearly defined services;
- e) at all times trades are executed through the respective brokers only on the basis of best execution regardless whether soft dollar benefits will accrue. Best execution shall include competitive prices with smooth execution ability; and

- f) relevant regulations and guidelines are complied with.

The procedures for the appointment of the brokers shall be no different from that of normal full service brokers.

Execution and allocation

If the Trustee objects to the use of the soft dollar brokers, the trades of the Fund shall be segregated from the rest of the trades that are executed through the relevant soft dollar broker(s). The Manager will execute trades for such accounts only with authorised full service brokers.

It is the responsibility of the Manager to ensure that the allocation quotas are adhered to. In addition, the Manager will monitor the execution ability of the soft dollar brokers and assign the business strictly on a "best execution" basis.

38.3 Subject to the provisions of the CIS Code, in its management of the Fund, the Manager may receive soft dollar commissions from, or may enter into soft dollar arrangements with, stockbrokers who execute trades on behalf of the Fund and the soft dollars received would be restricted to the following kinds of services:

- (a) specific advice as to the advisability of dealing in, or of the value of any investments;
- (b) research and advisory services;
- (c) economic and political analysis;
- (d) portfolio analysis including valuation and portfolio measurements;
- (e) market analysis;
- (f) data and quotation services;
- (g) computer hardware or software that are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis; and
- (h) custodial services in relation to the investments managed for clients.

The following are, however, prohibited:

- a) travel, accommodation and entertainment expenses;
- b) general administrative goods and services including office equipment and premises;
- c) membership fees;
- d) employee salaries;
- e) direct money payments / rebates.

The Manager shall retain the records of the payments made using soft dollar commissions.

39.2 The Manager may from time to time have to deal with competing or conflicting interests arising from other funds managed by the Managers. For example, the Manager may make a purchase or sale decision on behalf of some or all of the other funds managed by the Managers without making the same decision on behalf of the Fund, as a decision whether or not to make the same investment or sale for the Fund depends on factors such as the cash availability and portfolio balance of the Fund. However, the Manager will use its reasonable endeavours at all times to act fairly and in the best interests of the Fund. In particular, after taking into account the availability of cash and the relevant investment guidelines of the other funds managed by the Managers and the Fund, the Manager will endeavour to ensure that securities bought and sold will be allocated proportionately as far as possible among the other funds managed by the Managers and the Fund. The Manager may also transact on the Fund's behalf with its affiliates. The Manager intends to deal with any conflicts of interests in a manner consistent with any applicable guidelines which may be issued from time to time by the Investment Management Association of Singapore.

39.3 The Manager is of the view that it is not in a position of conflict in managing its other funds as these funds and the Fund have different investment universes and investment restrictions. To the extent that there are overlapping investment objectives, the Manager will, as far as practicable, endeavour to have the same securities holdings for such overlapping areas with

such securities allocated on a pro-rata basis among the funds. The Manager will conduct all transactions with or for the Fund at arm's length.

- 40.1 The Trustee, and the Manager, and any Connected Person or associate of the Trustee and the Manager may:
- (a) purchase, hold, deal in or dispose of Units;

- 40.3 Neither the Trustee nor the Manager may act as principal to buy or sell investments from or to the Trustee for the account of the Fund or otherwise deal as principal with the Fund. However, with the prior written consent of the Trustee, any Connected Person of the Manager may deal as principal in the sale or purchase of securities and other investments to or from the Fund. There will be no obligation on the part of such Connected Person to account to the Fund or to Holders for any benefits so arising and any such benefits may be retained by the relevant party, provided that such transactions are entered into on an arm's length basis and at the best price available to the Fund having regard to the kind, size and time of the transaction.
- 40.4 Any cash of the Fund may be deposited with any Connected Person of either the Trustee or the Manager or invested in certificates of deposit or banking investments issued by any such Connected Person.
- 40.5 With the prior written consent of the Trustee, the Manager may effect transactions by or through the agency of another person for the account of the Fund with whom the Manager or any of its Connected Persons have an arrangement for the supply of goods, services or other benefits.
- 40.6 Where the Manager or any Connected Person of the Manager receives any cash rebate of all or any part of any commission paid out of the Fund, the Manager or that Connected Person shall not be entitled to retain that cash rebate but shall account for and pay the same to the Trustee to be held as property of the Fund.

- 40.8 The Manager may, in the course of its business, have potential conflicts of interest with the Fund. In such circumstances, the Manager will have regard to its obligations under the Trust Deed and, in particular, to its obligation to act in the best interests of the Fund and the Holders so far as practicable, having regard to its obligations to other clients when undertaking any investments where conflicts of interest may arise. If such conflicts do arise, the Manager will use its best efforts to resolve such conflicts fairly.
- 40.9 In respect of voting rights where the Manager may face a conflict between its own interest and that of the Holders, the Manager shall cause such voting rights to be exercised in consultation with the Trustee.
- 40.10 The Trustee is presently also offering registrar and valuation services to the Fund. These services are provided on an arm's length basis and the fees for these services are permitted to be paid out of the Deposited Property of the Fund under the provisions of the Trust Deed.

- 40.12 The Manager or the Trustee or their respective affiliates (together the "**Parties**") are or may be involved in other financial, investment and professional activities which may on occasion cause conflicts of interest with the management of the Fund. Each of the Parties will ensure that the performance of their respective duties will not be impaired by any such involvement and that any such activities will be conducted on an arm's length basis. If a conflict of interest does arise, the Parties will endeavour to ensure that it is resolved fairly and in the interest of the Holders.
- 40.13 Subject to the provisions of the Deed, the Manager or the Trustee may purchase, hold, deal in or dispose of Units provided that any such transaction shall be on an arm's length basis. XIX OTHER MATERIAL INFORMATION

44. Trading Units on the SGX-ST

Units of the Fund are listed for trading on the secondary market on the SGX-ST. Units can be bought and sold throughout the trading day like other publicly traded shares. There is no minimum investment. Although Units are generally purchased and sold in "board lots" of 100 Units, brokerage firms may permit investors to purchase or sell Units in smaller "odd-lots", although prices of Units traded in "odd-lots" may differ slightly from Units purchased and sold in "board lots". When buying or selling Units through a broker, investors will incur customary brokerage commissions and charges and stamp duty, and investors may pay some or all of the spread between the bid and the offered price in the secondary market on each leg of a round trip (purchase and sale) transaction. Unit prices are reported in Singapore dollars and cents per Unit.

45. Book-entry Securities

Units will be deposited, cleared and settled by the CDP. Units are held in book-entry form, which means that no Unit certificates are issued. CDP is the registered owner (i.e. the sole Holder of record) of all outstanding Units deposited with the CDP and is therefore recognised as the legal owner of such Units. Investors owning Units are beneficial owners as shown on the records of CDP or the Participating Dealers (as the case may be).

Units' Trading Prices and Market Makers

- 46.1 The trading prices of Units on the SGX-ST may differ in varying degrees from their daily NAV and can be affected by market forces such as supply and demand, economic conditions and other factors.
- 46.2 It is the intention of the Manager to assist in the creation of liquidity for investors by appointing Market Makers before the listing of the Fund to maintain a market for the Units. Units may be purchased from and sold through the Market Makers. However, there is no guarantee or assurance as to the price at which a market will be made. You may obtain a list of appointed Market Makers from the Manager. In maintaining a market for Units, the Market Makers may realise profits or sustain losses in the amount of any differences between the prices at which they buy Units and the prices at which they sell Units. Any profit made by the Market Makers may be retained by them for their absolute benefit and they shall not be liable to account to the Fund in respect of such profits.

47. Additional Listing

The Manager may seek a listing of the Units on any other internationally recognised regulated stock or investment exchange or marketplace having regard to such factors as commercial viability of the proposed listing, legal and regulatory readiness of the market concerned, prevailing market environment, operational requirements and market development. Any costs associated with any such listing will be funded out of the Deposited Property.

48. Distributions

The Manager shall have the absolute discretion to determine whether a distribution is to be made. The Manager currently intends to make distributions, less the expenses of the Fund, to Holders semi-annually around January and July of each year. However, there can be no assurance that the Manager will declare such dividends or make other distributions semi-annually. The yield on the Units is anticipated to approximate the yield on the Index. There is currently no dividend reinvestment service. On each distribution, in relation to each distribution period as determined by the Manager, the Trustee will allocate for distribution among the Holders of the Fund as at the Record Date such amount that the Manager determines to be distributed in its absolute discretion. Amounts to be distributed in respect of each Unit will be rounded down to the nearest S\$0.01 per Unit. The Record Dates may be changed, or added to, as determined by the Manager with the approval of the Trustee. Distributions will only be paid to the extent that they are available for distribution pursuant to the Trust Deed. Income received by the Fund pending distribution may be invested by the Manager in a manner consistent with achieving the investment objective of the Fund. Any monies payable to a Holder which remain unclaimed after a period of twelve months shall be accumulated by the Trustee in a special account (the "**Unclaimed Monies Account**") and, subject to Clause 31 of the Trust Deed, the Trustee shall cause such sums which represent monies unclaimed by a Holder for more than six (6) years and interest, if any, earned thereon to be paid into court after deducting all fees, costs and expenses incurred in relation to such payment from the sum thereof provided that if the said sum is insufficient to meet all such fees, costs and expenses, the Trustee shall be entitled to have recourse to the Deposited Property.

Taxation Considerations

49. As with any investment, you should consider how your investment in Units will be taxed. The tax information in this Prospectus is provided as general information and does not constitute tax or legal advice. You should consult your own tax advisers about the tax consequences of an investment in Units.

Singapore Tax

- 50.1 The following summary of certain Singapore income tax consequences of the purchase, ownership and disposition of Units is based upon laws and regulations now in effect, all of which are subject to change (possibly with retroactive effect). The summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of Units and does not purport to deal with the consequences of application to all categories of investors, some of which may be subject to special rules. The comments herein are not binding on the Singapore tax authorities and there can be no assurance that it will not take a position contrary to any of the comments herein. You are advised to consult your own tax advisers concerning the application of

Singapore tax laws to your particular situation as well as any consequences of the purchase, ownership and disposition of Units arising under the laws of any other tax jurisdictions.

50.2 Taxation of the Fund

The Fund was granted the Designated Unit Trust status by the Inland Revenue Authority of Singapore ("IRAS") on 13 February 2009. With effect from 1 September 2014, the Designated Unit Trust scheme ("**DUT scheme**") is administered on a self-assessment basis. The Fund must meet the specified conditions of the DUT scheme throughout the basis period for each year of assessment and a declaration form is to be submitted to the IRAS on an annual basis. In addition, unless further extended, the DUT scheme will expire on 31 March 2019. Even if the DUT scheme were to expire on 31 March 2019, the Fund may continue to enjoy the Designated Unit Trust status if it continues to meet all the specified conditions of the DUT scheme and the annual declaration form is submitted to the IRAS within the specified time limit.

Under Section 35(12) of the Income Tax Act, Chapter 134 of Singapore (the "**Income Tax Act**"), subject to certain conditions, the following income (hereinafter termed as "**Designated Income**") will not form part of the statutory income of the Fund and is thus not taxable at the Fund's level:

- gains or profits derived from Singapore or elsewhere from the disposal of securities;
- interest (other than those where Singapore withholding tax has been deducted);
- dividends derived from outside Singapore and received in Singapore;
- gains or profits derived from foreign exchange transactions, transactions in futures contracts, transactions in interest rate or currency forwards, swaps or option contracts and transactions in forwards, swaps or option contracts relating to any securities or financial index;
- distributions from foreign unit trusts derived from outside Singapore and received in Singapore;
- fees and compensatory payments (other than those where Singapore withholding tax has been deducted) from certain securities lending or repurchase arrangements with specified counterparties;
- rents and any other income derived from any immovable property situated outside Singapore and received in Singapore;
- discount derived from outside Singapore and received in Singapore;
- discount from Qualifying Debt Securities ("**QDS**") (as defined under Section 13(16) of the Income Tax Act) issued during the period from 17 February 2006 to 31 December 2018;
- gains or profits derived from the disposal of debentures, stocks, shares, bonds or notes issued by supranational bodies;
- prepayment fee, redemption premium and break cost from QDS issued during the period from 15 February 2007 to 31 December 2018; and
- such other income directly attributable to QDS issued on or after a prescribed date, as may be prescribed by regulations.

Unless otherwise exempt from tax, any income not falling within the prescribed list of Designated Income ("**non-Designated Income**") will generally be subject to tax at the prevailing corporate income tax rate, currently 17%. The tax on such income will be assessed on the Trustee in its capacity as the trustee of the Fund.

Distributions made by the Fund to all Holders will not attract Singapore withholding tax.

50.3 Taxation of Holders

Distributions from the Fund

Individuals

Individuals (whether resident in Singapore or not) are exempt from Singapore income tax on distributions made by the trustee of any collective investment scheme constituted as a unit trust authorised under Section 286 of the Securities and Futures Act and the units of which are offered to the public for subscription. This tax exemption does not apply to distributions derived by individuals through a partnership in Singapore or from the carrying on of a trade, business or profession.

As the Fund is a collective investment scheme constituted as a unit trust authorised under Section 286 of the Securities and Futures Act and the units of which are offered to the public for subscription, the aforesaid tax exemption will apply to distributions made by the Fund. Individuals who derive the distributions through a partnership in Singapore or from the carrying on of a trade, business or profession will be subject to tax on distributions of Designated Income at their own applicable tax rates.

Non-individuals

Foreign investors

All distributions of Designated Income to Holders who are "foreign investors" are exempt from Singapore income tax.

With effect from 30 May 2014, the term "foreign investor" is defined in Section 10(23) of the Income Tax Act in relation to a non-individual as:

- a company which is neither resident in Singapore nor carrying on business through a permanent establishment in Singapore where not less than 80% of the total number of its issued shares are beneficially owned, directly or indirectly, by persons who are not citizens of Singapore and not resident in Singapore; and
- a trust fund where at least 80% of the value of the fund is beneficially held, directly or indirectly, by individuals who are not resident in Singapore or by companies which are foreign investors or by both and, unless waived by the Singapore Minister for Finance or such person as he may appoint, where:
 - the fund is created outside Singapore; and
 - the trustees of the fund are neither citizens of Singapore nor resident in Singapore, nor do they carry out duties as such trustees through a permanent establishment in Singapore.

In general, any non-Designated Income is subject to a final tax at the Fund's level. Any distributions made out of non-Designated Income will not be subject to further Singapore income tax in the hands of a foreign investor.

Distributions paid by the Fund out of non-Designated Income that is exempt from income tax will be exempt in the hands of such Holders.

Other Holders

Other Holders (i.e. those who are neither individuals nor foreign investors) are generally subject to Singapore income tax on the gross amount of the distributions paid out of Designated Income by the Fund. Such distributions are deemed to be income of such Holders and will be taxed at the Holders' own applicable tax rates. In the case of a corporate Holder,

the current income tax rate is 17%. In general, any non-Designated income is subject to a final tax at the Fund's level. Any distributions made out of non-Designated Income will not be subject to further Singapore income tax in the hands of such Holders.

Distributions paid by the Fund out of non-Designated Income that is exempt from income tax will be exempt in the hands of such Holders.

Deeming of undistributed Designated Income as taxable income to certain Holders

Under Section 10(20B) of the Income Tax Act, any undistributed Designated Income as at the applicable relevant date (which is a date on or after 1 June 2015) will be deemed as income taxable on such relevant date in the hands of certain Holders under the following scenarios:

- (a) the unit trust is dissolved, and is a DUT for the year of assessment for the basis period in which the dissolution occurred;
- (b) the unit trust is not a DUT within the meaning of Section 35 for any year of assessment;
- (c) the trustee fails to elect under Section 35(12B) for Section 35(12) to apply to his income for any year of assessment;
- (d) the trustee elects under Section 35(12B) for Section 35(12) to apply to his income derived in only a part of the basis period for any year of assessment.

Section 10(20B) of the Income Tax Act applies to the following persons:

- (i) a Holder who is not an individual and not a foreign investor;
- (ii) a Holder who is an individual and not a foreign investor, and who holds the Units for the purposes of a trade, profession or business;
- (iii) a partner who is not an individual and not a foreign investor, of a partnership which is a Holder;
- (iv) a partner who is an individual and not a foreign investor, of a partnership in Singapore which is a Holder.

An individual is not a foreign investor if the individual is resident in Singapore.

Such Holders will be taxed on their proportionate share of the undistributed Designated Income based on the distribution policy in the trust deed or their respective holdings in the Fund as at the aforesaid relevant date. A Holder who is an individual resident in Singapore would not be taxed on his proportionate share of the undistributed Designated Income that relates to gains or profits derived from Singapore or elsewhere from the disposal of securities.

50.4 Disposal or redemption of Units

Singapore does not impose tax on capital gains. Any gains on disposal or redemption of Units are not liable to Singapore income tax provided Units are held as investment assets. Where Units are held as trading assets of a trade or business carried on in Singapore, any gains on disposal or redemption of Units are liable to Singapore income tax under Section 10(1)(a) of the Income Tax Act. Where Units were purchased with the intention or purpose of making a profit by disposal or redemption and not with the intention to be held for long-term investment purposes, any gains on disposal or redemption of Units could be construed as "gains or profits of an income nature" liable to tax under Section 10(1)(g) of the Income Tax Act.

Holders who have not opted out of the tax treatment provided under Section 34A of the Income Tax Act (which is applicable to persons who are required to prepare or maintain financial accounts in accordance with Singapore Financial Reporting Standard 39), may for Singapore income tax purposes be required to recognise gains or losses (not being gains or losses in the nature of capital) on Units, irrespective of disposal.

Holders who may be subject to the tax treatment under Section 34A of the Income Tax Act should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of Units.

51. Meetings of Holders

The Trust Deed sets out procedures to be followed in respect of meetings of the Holders, including provisions as to the giving of notice, appointment of proxies and quorum. The Holders shall in addition to all other powers conferred upon them by statute or by the Trust Deed or otherwise have the following powers exercisable by Extraordinary Resolution namely:

- (i) power to assent to any modification or alteration of the provisions contained in the Trust Deed;
- (ii) power to increase the maximum Management Fee and Trustee Fee;
- (iii) power to permit other types of fees payable out of the Deposited Property; and
- (iv) power to terminate the Fund.

All expenses of and incidental to the holding of a meeting in accordance with the provisions of the First Schedule of the Trust Deed or the circulation of resolutions shall be paid out of the Deposited Property. The Manager, the Trustee, the Custodian, any investment adviser appointed by the Manager or their respective Connected Persons are prohibited from voting their beneficially held Units at or be counted in the quorum for a meeting at which they have a material interest in the business to be contracted.

Amending the Trust Deed without Holders' Approval

- 52.1 Subject as hereinafter provided, the Trustee and the Manager may from time to time alter, modify or vary the terms of the Trust Deed by deed supplemental thereto in such manner and to such extent as they may consider expedient for any purpose provided that unless the Trustee certifies in writing that such alteration, modification or variation is in the opinion of the Trustee not materially prejudicial to the interest of the Holders, does not to any material extent release the Trustee or the Manager from any liability to Holders (other than upon any retirement or removal of the Trustee or the Manager) and does not increase the costs and charges payable out of the Fund (other than costs incurred in altering, modifying or varying the Trust Deed), no such alteration, modification or variation shall be made without the sanction of an Extraordinary Resolution. All amendments to the Trust Deed (whether with or without approval of the Holders) will have to be publicly announced on the SGXNET, with the announcement to be posted on the Internet at the SGX-ST website: <http://www.sgx.com>.

- 52.2 Without prejudice to paragraph 52.1, the Trustee and the Manager shall be entitled to alter, modify or vary the terms of the Trust Deed by deed supplemental thereto (and without the sanction of an Extraordinary Resolution) if the alteration, modification or variation to be made thereby is:
- (a) made in order either that the Fund should comply with fiscal or other statutory or official requirements (whether or not having the force of law) of any country or authority and the Trustee certifies in writing that in its opinion such change is necessary to so comply; or
 - (b) to correct a manifest error and the Trustee certifies in writing accordingly.
- 52.3 In addition, no alteration, modification or variation, whether or not approved by an Extraordinary Resolution, shall impose upon any Holder any obligation to make any further payments in respect of any of the Units held by him or to accept any liability in respect of such Units.
- 52.4 Notwithstanding paragraph 52.1 above, provided that the Trustee shall certify in writing that any modification, alteration or addition is directly or indirectly necessary or desirable in the Trustee's opinion for the purposes of listing or maintaining a listing of the Units on the SGX-ST or any successor thereto, then the Trustee and the Manager may by deed supplemental to the Trust Deed modify, alter or add to the provisions of the Trust Deed in such manner and to such extent as they may consider expedient for that purpose without the sanction of an Extraordinary Resolution.
- 52.5 All of the costs and expenses incurred by the Trustee or the Manager in connection with any such supplemental deed referred to in paragraph 52 of this Prospectus or entered into to effect a modification, alteration, addition or replacement of a kind referred to in this paragraph 52 (including expenses incurred in the holding of a meeting of Holders, where necessary) may be charged against the Fund.

53. Indemnities in favour of Trustee and Manager

The Trust Deed contains the duties and responsibilities of the Trustee and the Manager. The Trust Deed requires that (subject as provided in the Trust Deed) the Trustee and the Manager shall in the exercise their respective powers, authorities and discretions act in the exclusive interests of the Holders. Neither the Trustee nor the Manager (and their respective directors, officers and employees) shall be exempted from any liability to Holders, under Singapore law, for any fraud, negligence, bad faith or wilful default on its (or their) part, nor may they be indemnified against such liability by Holders or at the expense of Holders. The Trust Deed includes certain exclusions of liability and indemnities in favour of the Trustee and the Manager, other than in respect of the Trustee's or Manager's fraud, negligence, bad faith or wilful default.

Termination of the Fund

- 54.1 Notwithstanding the termination of the Fund, the Holder of any Unit in respect of which any amount remains unpaid shall remain liable for such amount until payment to that Holder by the Trustee of the final distribution to be made in accordance with the Trust Deed.

54.2(A) The Fund is of indeterminate duration and may only be terminated in accordance with the Trust Deed. The Fund may be terminated by the Trustee, with the prior approval of the Manager (except in the case of sub-paragraphs (i), (iv), (vii) and (viii) below whereupon the Trustee may terminate the Fund forthwith) by notice in writing as hereinafter provided in any of the following events, namely:

- (viii) if on the expiration of three (3) months after notifying the Manager that in the Trustee's opinion a change of Manager is desirable in the interests of the Holders pursuant to Clause 29.1.2 of the Trust Deed the Trustee has not found another company ready to accept the office of the manager of the Fund of which the Trustee and the Authority shall approve.

54.2(B) The Fund may also be terminated by the Manager, with the prior approval of the Trustee (except in the case of sub-paragraphs (i), (iv) and (ix) below whereupon the Manager may terminate the Fund forthwith) by notice in writing as hereinafter provided in any of the following events, namely:

- 54.3 The party terminating the Fund shall give written notice of termination of the Fund to the Holders in the manner herein provided and shall by such notice fix the date at which such termination is to take effect, which date shall not be less than three (3) months after the service of such notice (except where the Fund is terminated by reason that it is illegal to continue in accordance with paragraph 54.2(A)(i) or paragraph 54.2(B)(i) in which case termination may take effect forthwith without any prior notice to Holders).

Each Holder shall be entitled to receive approximately a proportionate amount of each type of Index Share and non-Index Share (provided that no fraction of any Index Share or non-Index Share shall be distributed) available for distribution together with a balancing payment in cash in the case of Holders who shall not receive the full proportionate amount of any Index Shares and non-Index Shares and for such purpose the Manager and/or the Trustee may sell any Index Shares and non-Index Shares remaining in its hands as part of the Deposited Property. Valuation of the Fund

- 57.2 The Value of the assets comprised or to be comprised in the Deposited Property shall be ascertained on the following basis:
- (i) The Value of Index Shares and non-Index Shares shall be determined by reference to the last known transacted price or last closing price for such Investments furnished by the Index Licensor, or a pricing service or by selected brokers approved by the Manager and the Trustee ("**Selected Brokers**").

- (iii) Cash, deposits and similar properties shall be valued at face value (together with accrued interests) unless, in the opinion of the Manager, any adjustment should be made to reflect the fair value thereof.
- (iv) Notwithstanding any of the foregoing sub-paragraphs, the Manager may with the written consent of the Trustee (who shall determine if Holders should be informed of any change in method of valuation) adjust the Value of any Investment or permit some other method of valuation to be used if, having regards to currency, applicable rates of interest, maturity, marketability and such other considerations as the Manager may deem relevant, the Manager considers that such adjustment or other method of valuation is required to reflect more fairly the Value of such Investment or other property.
- (v) Other Investments, and properties other than Investments shall be valued in such manner and at such time or times as the Manager and the Trustee shall from time to time agree.

57.3 In calculating the Value of the Deposited Property or any part thereof at any Valuation Point:

- (ii) where, in consequence of any redemption request duly given pursuant to Clause 14 of the Trust Deed on or before the Dealing Deadline on a Transaction Date, the Units in question shall be deemed not to be in issue with effect from the Dealing Day immediately following the Transaction Date, and any amount payable in cash and the Value of the Redemption Securities transferable out of the Deposited Property in pursuance of such reduction shall be deducted with effect from the Dealing Day immediately following the Transaction Date;
- (iii) where any Investment has been agreed to be purchased or otherwise acquired or sold or otherwise disposed of but such purchase, acquisition, sale or disposal has not been completed, such Investment shall be included or excluded and the gross purchase or acquisition or net sale consideration excluded or included as the case may require as if such purchase, acquisition or sale had been duly completed on the Dealing Day immediately following the date of the agreement to so purchase or acquire or sell or dispose of the Investment;

- (iv) there shall be included in the assets an amount equal to all such costs, charges, fees and expenses as the Manager may have determined to amortise pursuant to Clause 21.5 of the Trust Deed less the amount thereof which have previously been or are then to be written off;
- (v) income derived from loans and deposits and from Investments (other than Index Shares and non-Index Shares) bearing fixed interest shall be deemed to accrue from day to day;

 - (e) any other costs or expenses payable but not paid which are expressly authorised by any of the provisions of the Trust Deed to be payable out of the Deposited Property;
 - (f) an appropriate allowance for any contingent liabilities; and
 - (g) there shall be taken into account such sum (if any) as in the estimate of the Manager will fall to be paid or reclaimed in respect of taxation related to income and transactions prior to or on the relevant Dealing Day; and
- (vii) liabilities shall (where appropriate) be treated as accruing from day to day.

Valuation policy and performance measurement standards of the Manager

- 57.4 Valuations shall be done on every Dealing Day. There will not be a suspension of valuation by reason of an exchange holiday. In such cases, the last available security prices shall continue to be applied for valuation purposes.

Notwithstanding the foregoing, the Manager's pricing committee will subject to the provisions of the CIS Code and the conditions set out in section XIII of this Prospectus retain the discretion to suspend valuation if deemed necessary. The Manager's pricing committee is responsible for considering and arriving at a consensus decision to address any pricing disputes or valuation methodology that requires ad hoc decision due to market situation. Subject to the provisions of the CIS Code, the Manager may request for approval to suspend

the valuation and dealing of the Fund if the fair value of a material portion of the Fund's assets cannot be determined.

The Manager collates and maintains portfolio and series data in the performance systems on a periodic basis and generates performance results to meet reporting requirements. Time-weighted rate of return (TWRR) methodology is adopted for portfolio returns calculation.

Hard-to-value or illiquid assets

- 57.5 If the most recent available price for a security invested into by the Fund exceeds one month for reasons of non-availability of prices from regular market sources and/or counterparties, an appropriate liquidity reserve shall be applied on the last available price in accordance with the Manager's pricing and valuation policy. The adjusted price shall be approved by the Manager's pricing committee prior to application.

KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in an exchange traded fund constituted in Singapore that aims to replicate as closely as possible, before expenses, the performance of the Index.
- The Index is compiled and calculated by FTSE International Limited and represents the top 30 companies listed on the SGX-ST ranked by market capitalisation. The Index Shares are reviewed semi-annually in March and September and are diversified across all sectors.
- Unlike “actively managed” unit trusts and mutual funds, the Manager does not attempt to outperform the Index nor does it seek temporary defensive positions when markets decline or appear overvalued by some standards.
- Distributions, if any, will be determined by the Manager. The Manager currently intends to make distributions to Holders semi-annually around January and July of each year. The Manager will decide whether a distribution is to be made based on various factors, including dividend and/or interest income and/or capital gains derived from the investments of the Fund. Distributions will only be paid to the extent that they are covered by income received from underlying investments of the Fund and are available for distribution.
- The base currency of the Fund is SGD and the Fund will issue Units denominated in SGD. You should note that the Units are Excluded Investment Products.

Refer to Sections I and VI of the Prospectus for further information on features of the product.

Investment Strategy	
<ul style="list-style-type: none"> The Manager will seek to achieve the Fund's investment objective by investing all, or substantially all of the Fund's assets in Index Shares in substantially the same weightings as reflected in the Index (i.e. using a full replication strategy). The Manager may in its absolute discretion also invest in non-Index Shares to achieve the Fund's investment objective. The Manager will rebalance the Fund's portfolio of investments from time to time to reflect any changes to the composition of, or the weighting of securities in the Index with a view to minimising tracking error of the Fund's overall returns relative to the performance of the Index. Such rebalancing may be in the form of investments in non-Index Shares. 	<p>Refer to Section VI of the Prospectus for further information on the investment strategy of the Fund.</p>
Parties Involved	
<p>WHO ARE YOU INVESTING WITH?</p> <ul style="list-style-type: none"> The Manager is Nikko Asset Management Asia Limited. The Trustee and Registrar is HSBC Institutional Trust Services (Singapore) Limited. The Custodian is The Hongkong and Shanghai Banking Corporation Limited. 	<p>Refer to Sections II, III and IV of the Prospectus for further information on the role and responsibilities of these entities.</p>
KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT?</p> <p>You should be aware that the price of Units can go down as well as up. The value of the Fund and its distributions (if any) may rise or fall. The following are key risk factors that may cause you to lose some or all of your investment:</p>	<p>Refer to Section IX of the Prospectus for further information on risks of the product.</p>
Market and Credit Risks	
<ul style="list-style-type: none"> Units may trade at prices other than NAV <ul style="list-style-type: none"> The secondary market price of Units may sometimes trade above or below the NAV per Unit. This deviation is dependent on various factors but will be accentuated when there is a large imbalance between market supply and demand for Units on the SGX-ST. There is a risk that you may not be able to buy or sell at a price close to the NAV per Unit. You are exposed to market risk in Singapore <ul style="list-style-type: none"> The price of securities comprised in the portfolio of the Fund and the Units, and the income from them, may be influenced by political and economic conditions, changes in interest rates, the earnings of the corporations whose securities are comprised in the portfolio and the market's perception of the securities. 	
Liquidity Risks	
<ul style="list-style-type: none"> You are exposed to the liquidity risk <ul style="list-style-type: none"> The extent of market liquidity is dependent on the size and state of the markets and therefore affects the Fund's ability to acquire or dispose of assets at the price and time it so desires. You should be aware there is a minimum creation and redemption size <ul style="list-style-type: none"> Units will only be issued or redeemed in-kind in Creation Unit or Redemption Unit aggregations (currently 500,000 Units, and multiples thereof). If you hold less than this minimum size, you may only be able to realise the value of your Units by: (i) selling your Units on the SGX-ST at the prevailing trading price of the Units; or (ii) (if you hold at least 100,000 Units) redeeming your Units for cash on each Cash Dealing Day through a Participating Dealer in multiples of 100,000 Units. However, do note that the Participating Dealers are under no obligation to redeem your Units. Trading in Units on SGX-ST may be suspended or even delisted <ul style="list-style-type: none"> You will not be able to purchase or sell Units on the SGX-ST during any period that the SGX-ST suspends trading in the Units. The SGX-ST may suspend the trading of Units whenever the SGX-ST determines that it is appropriate in the interests of a fair and orderly market to protect investors. The creation and redemption of Units will also be suspended if the trading of Units on the SGX-ST is suspended. The Fund may not be able to continue to meet the requirements necessary to maintain listing of Units on the SGX-ST. The Fund may be terminated if Units are delisted from the SGX-ST. 	<p>Refer to Sections IX and XIII of the Prospectus for situations in which trading of Units may be suspended.</p>

Product-Specific Risks

- **You are exposed to tracking error risk**
 - Changes in the NAV of the Fund are unlikely to replicate exactly changes in the Index due to various factors. The Fund's returns may therefore deviate from those of the Index.
- **Lack of discretion by Manager to adapt to market changes**
 - The Index Shares held by the Fund will passively reflect the distribution of companies whose shares comprise the Index. Therefore, adverse changes in the financial condition or share performance of any company included in the Index will not result in the sale of the shares of such company, and will be likely to affect adversely the Fund's value and the trading price of the Units. The Manager will have limited discretion to remove the shares of such company from the Fund.
- **Risk associated with the investment strategy of the Fund**
 - Unlike "actively managed" unit trusts and mutual funds, in its management of the Fund, the Manager does not attempt to outperform the Index nor does it seek temporary defensive positions when markets decline or appear overvalued by some standards. Accordingly, a fall in the Index may result in a corresponding fall in the NAV of the Fund.

You should be aware that your investment in the Fund may be exposed to other risks of an exceptional nature from time to time.
